IOWMC #R-1910

SHAWNEE, KS

Let me tell  
you a little  
about myself.

I was born in Hickman Mills, Missouri on February 12, 1935. I am the oldest of five children. While still very young my family moved to Kansas. Attended school for eight years in a one room school in Allen county. Then went 1 year to Kincaid, Kansas and the next three years to Morgan High School, graduating in May 1955.

I enlisted in the US. Army and served four years. Took my basic training at Fort Chaffee, Arkansas then was transferred to Fort Leonard Wood, Missouri for 8 weeks then on to South Korea for fourteen months at Camp Casey. Five days after my discharge from the army became employed by the company I work for today. It will be thirty six years.

I met my wife here in Kansas City and we got married September 5, 1964. We have two daughters and one grand son.

I started collecting by ordering Coin Club Woods out of Coin World publication. Then one thing after another led to where I am now. Having now been collecting for about eight years collect coins, political pins, tax tokens, elongated coins, ration tokens, coin club tokens, casino chips and tokens, and Wooden nickels and tokens. My wood collection consist of 6,600 coin club woods, 233 Dairy Queen, 342 Sambo's, 3,081 Centennial (100 or older), 3284 Madericks, 23,897 from U.S.A., Canada, and Foreign Countries. Also 1,218 Wooden Dollars, 594 Flats, 38 Missc.

Am a member of T.A.C., A.P.W.M.A., C.A.W.M.C., I.O.W.M.C., D.W.M.C., M.A.N.A., P.O.W.M.T., P.W.M.S., and Casino Chips and Token Club.

Now less then seventeen months until I retire from my job. We plan to move to Mammoth Springs, Arkansas. Looking forward to having more fun and time to collect.

14th ANNUAL CATTLE CALL,  
BRAWLEY, CALIFORNIA - 1970

Brawley, the most beautiful city in the Imperial Valley and the second largest. This bustling town is the annual host to the Brawley Cattle Call and has a motto - "WHERE IT'S SUN-DAY EVERY DAY."

It took about 65 years; but the magic of water has transformed the valley from an unwanted wasteland to one of the richest oasis in the world. It has a year round growing season which produces \$325,000.00 in agricultural products each year. The Valley holds the second oldest water rights to the Colorado River. There is more miles of canals than roadways in the Valley and soil conditions are ideal for many crops.

The City of Brawley purchased a plot of land with the intent of making a rodeo arena and appointed a Rodeo Committee to oversee it. The city officials realized Brawley had no annual celebrations so they held a contest to create a name. Cattle Call emerged as their annual celebration which has been very important to Brawley and creates economic wonders each fall. A good choice for the name due to the many feed lots and cattlemen. After all, Brawley claims to produce more beef in pounds (on the hoof) than any other area in the world. Cattlemen, who are in the know, say 750,000 head of cattle go through the feed lots annually and produce \$70,000,000.00 in business.

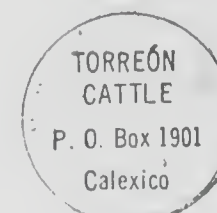

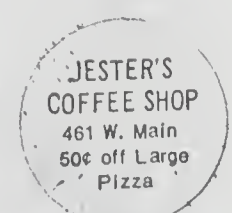

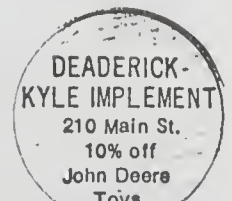

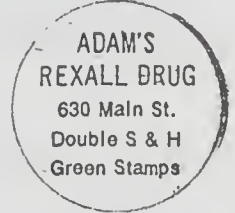

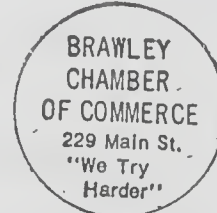

The Cattle Call has made a name for itself, alongside the Pendleton Round-Up (Oregon); Frontier Days (Cheyenne, WY.); and Calgary Stampede (Canada). When Cattle Call is mentioned in the West, all rodeo fans think of Brawley. This cattle town and even its non-cattle citizens are proud of its place in the livestock world.

In 1970, the 14th Annual Cattle Call was drawing near. They needed a Grand Marshall for the parade so they asked Slim Pickens. You have probably seen him in several western movies, if not, you missed some laughs. They say he is a cross between a grizzly bear

and the big rock candy mountain. His parents named him with a name he never liked but it was his name (Slim). An odd name for a man who weighed 240 pounds (1970).

Of course, the man behind the microphone was Chuck Parkison. He has handled all the annual Rodeos at Brawley except one and was twice honored as National Finals Rodeo Announcer.

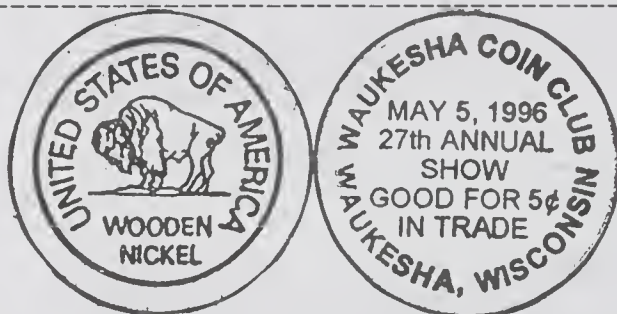

In 1970, the City of Brawley, CA issued a fourteen (14) piece set of wooden money for their 14th Annual Cattle Call and Rodeo. One piece is official issued by the Chamber of Commerce; the thirteen (13) pieces are semi-official, issued by thirteen different businesses. They are all blue in color on a 1½" wood disc. Hope you were able to secure a set for your collection and become part of the Brawley economic boom which happens every November at the Brawley Cattle Call.

Recently while recuperating from a heart attack I spent time looking over my collection of wooden tokens. It was a very therapeutic experience. A few woods that I paused over are as follows:

(1) PRIMO Hawaiian Beer. Primo is not a Hawaiian word but it was a locally brewed beer that had a large share of local market because the localites liked its taste and price. It was bought by Schlitz a few years ago and the brewery relocated to California and subsequently went into fast decline.

(2) COCO JOE'S. It was a popular "stop" for tourist and locals traveling around the island of Oahu. It's not listed in the phone book anymore but there is a Coco Joe's Products located in a modern warehouse in Wahiawa producing souvenir items.

(3) Magic & Novelty Center. It's gone but the legacy of James Yoshida lives on in the person of John Hirokawa, an internationally known magician who performs in Waikiki when home in the islands.

(4) Kim's Kitchen & Deli. Didn't last long in business operating across the street from Waikele's McDonald's. But it left its memories of good food on its wooden nickels.

(5) Hauoli La Hanau. This Hawaiian phrase translates into Happy Birthday. Since it was Rose A. Paea Marks' 60th birthday in February 1972, this year would be her 84th birthday.

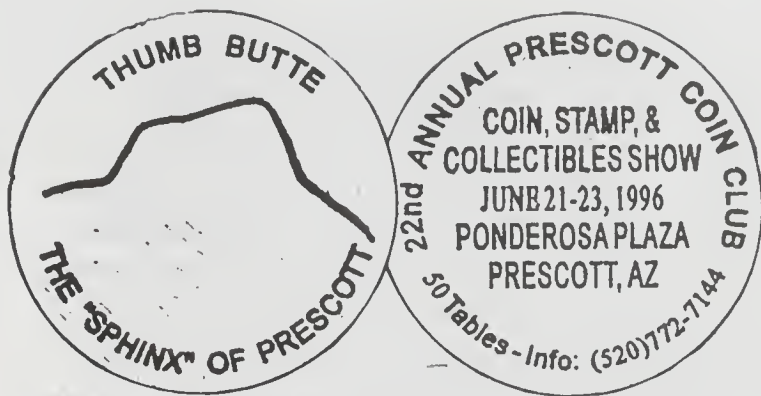

(6) Hawaii Historical Bottle Collectors Club. The wood was issued to commemorate their 10th annual show always having some outstanding exhibits of beer, soda, milk and other bottles from Hawaii's past.

(7) Dr Alan Chang. This ortodontist gives a wooden token to his patients at each visit. He occasionally changes the color of the prints on his woods and alternates between the Indian and Buffalo on the reverse.

Except for the bottle Club wood all of the other woods depicts an Indian or Buffalo on the reverse. We have some American Indians living in Hawaii. In fact there is an American Center in Honolulu. While there is no American buffalo (bison) in our Honolulu Zoo located in Waikiki, we of the older generation or coin and stamp collectors are familiar with the buffalo. To see a live buffalo in Hawaii one only need to travel to the island of Kauai where there is a small herd being privately raised. Of course, to experience the thundering herd of buffaloes one need to go to downtown Las Vegas to see the recently completed Fremont Street electronic extravaganza. The show lasts approximately 10 minutes and free, and for at least ten minutes you won't be losing any money in the casinos!

Thumb Butte, the "Sphinx" of Prescott

The 1996 wooden dollar for Prescott, AZ. Club's 22nd annual coin, stamp, and sports card show to be held on June 21-23 depicts Thumb Butte, Prescott's most dominant natural landmark. The obv. (blk. print) gives show information; and the rev. (dk-brn.) presents a "profile" of the prominent Butts.

Thumb Butte dominates the countryside and appears to have different "profile" when viewed from different areas in Prescott. The distinctive butte was so named because, when viewed from the north, it looks like a huge human thumb pointing skyward. However, someone coming into Prescott from Skull Valley to the west would see a resemblance to the Egyptian Sphinx. The butte would appear as the front of the sphinx, looking northward, with its paws out in front. In addition, when viewed from anywhere near the area of South Pleasant Street (in the southwestern part of town), the butte also presents a profile similar to that of the Egyptian Sphinx looking northward. Two early writers (George Hartmann in Tales of Aztlan in 1908 and Kate Cory in a booklet entitled "A Legend of Thumb Butte" in 1913) as well as John Quinn in "The Thumb Butte Sphinx" in the Prescott Courier of July 13, 1979, noted the similarity. The Thumb Butte Loop Trail is the most popular hiking trail, and an estimated 4,000 hikers test their endurance each month.

## CHINESE BAMBOO "BANKNOTES"

During the 1890's there was a shortage of coins primarily in both Kiangsu and the village of Chekiang. Both are located about one hundred miles apart along the east China sea. Small banks that apparently were not accorded the privilege of issuing conventional bank notes, and that of local merchant associations, used bamboo wooden money to meet commerce shortages that they were faced with. Usually called tallies or tokens, they have all the characteristics found on bank notes during that time frame. The difference being that these were made of bamboo wood like sticks. Charcters on these issues were burned into the wood, carved, and some even hand painted on. Then each issue was covered with lacquer to protect the surface of the wooden money. Also, most pieces have a small hole at the top of the issue for stringing by the bank or the merchant doing exchanges in the market place. Known issues are rectangular and vary from 65 x 8 m, to 121 x 15 m. The Chinese are not collecting or currently even speculating in them as a collectable item. However, these have made there way to the United States, and are in the hands of people who sell coins. One such person is Mr. Scott Semans, who ran a story in Coin World about the bamboo money a month ago. Scott has some issues that he offers for sale to collectors of such things. He can be reached at P. O. Box 22849 Seattle, Wa. 98122. If you mention that you are a member of IOWMC he will give you a 20% discount on any purchase that you might make on these Chinese banknotes. For more detailed information, members should look into Charles Opitz's book on odd & curious money. Listed within are articles about the Chinese "tally" sticks, wooden nickels, and a Congo item called Tukula. This is a paste made from ground up redwood and used as wooden money.

**RINGWOOD BOROUGH, N.J.  
1918-1968 GOLDEN JUBILEE**

Ringwood was founded in 1740 and incorporated in 1918. The Ramapo Mountains, in which it was situated, belong to the most ancient age of geological times. Years ago there were islands in the sea which covered much of the region. The oldest rock in the world are represented by the Ramapo's granite formations that stretch all the way to Quebec.

From the ice age to Indian days is a long way. There is very little known as to what went on in between. The Indians in the area hunted and fished the streams for food and some even planted crops of corn.

A Welsh miner, seeking copper deposits, was led by the Indians to the head of Wanaque Valley, where they showed him iron ore. He continued on to the Ringwood River where he built a small furnace for the manufacture of iron. This was the beginning of the Ringwood Iron Works.

There is some doubt about the origin of the Borough's name. It may have been selected because the spot is ringed with wooded hills or maybe from the Estate of Ringwood in Hampshire located in England.

Peter Hasenclever came to America from Germany looking for iron properties. In 1763 he arranged to engage about 500 German miners, forgers, furnace men & charcoal burners, carpenters and other craftsmen. From an advertisement, he purchased Ringwood Furnace and started to remodel it. His work established Ringwood as one of the most complete economic units in America at that time. In 1769, Hasenclever returned to Germany, leaving the mines operation to Jacob Faesch. In 1771 Robert Erskine took over operations and just began to make money, the Revolution began. He helped raise and equip the first company of soldiers in Northern New Jersey, which was kept at Ringwood to protect the iron works and equipment.

Erskine died in 1780. After his death, Mrs. Erskine was appointed executrix and 1781 married Robert Hopper. They operated the mines until the end of the war and put the mines up for sale. In 1807 Martin Ryerson purchased the Ringwood Mines and Furnaces. He was influential in getting Montclair Railway to link up with Ringwood in 1878. By 1891 the iron furnaces had stopped and a chapter had closed after 150 years of iron production. The mines were used to a limited extent until 1923 and the ore was shipped elsewhere to active furnaces. In 1930 all was auctioned off to pay the taxes and in 1936 the property was deeded to the State of New Jersey.

In 1918, when Ringwood was incorporated, its mountains and pure streams were a wooded and rocky terrain, twenty-seven mile area much as nature had left it since the geologic era. A few farm lands spotted the Valley and the same adorned homesteads owned by families for over 100 years. Streams flowed in their natural beds and dirt roads emerged from old Indian trails. This bustling town looked to the natural resources of

Northern New Jersey hoping they could top pure drinking water for the growing number of people and water power for rapidly growing industries and commerce. The target was a reservoir in Ringwood and it was accomplished by the New Jersey Water District Supply Commission. The exceptionally clean water came from the Passaic and Wanaque Rivers. The reservoir became a reality in 1930. It served, not only Ringwood, but seven other towns as well.

Relocation of roads and building of turnpikes for the Borough were top priority. The early railroad, which entered the Borough some 45 years before, was instrumental in the development of the territory. As the town grew from 1930-1950, and the expanding of businesses as well as people, there was a need for more churches. Nearly every denomination of churches were built. In the decade that followed (1960) many of the earlier churches were being rebuilt.

The Ringwood Golden Jubilee Committee started planning for this event early. The Jubilee started on Wednesday, July 3rd and lasted through Saturday, July 13. Everything you could think of was on the program. Everything from the Queen's Ball to the fireworks finale, which took place 10:30 PM, Saturday, July 13.

There is no mention in the Ringwood Golden Jubilee Program of handing out wooden nickels but we know they had them for their celebration. They were made on 1½" discs and in five different colors. The reverses are all the same. The obverses are as follows: 25¢ Black -Man in Derby Hat; 5¢ Blue-Jubilee Belle; 5¢ Green-Morgan Dollar look alike; 5¢ Red-Indian Brave; and a 5¢ Brown-Buffalo on a Mound.

Woods were reduced-Actual size: 1½"

## COMMENTS & IDEAS

Wood commisions are to high at meets. To much talk at meetings. Cost to travel not worth the trip. Meet should move around where the most members are able to attend. Keep the 8th edition up to date and inform the members of changes. Trying to bring back the glory days. Due to poor health am unable to attend the ANA meetings. Meetings no longer follow a format where collectors are getting an education on wooden money. Activities at meets need to be wood related. Members don't responded to ads placed in club news letter. Not enough members willing to work for the clubs betterment. ANA meetings are to short for the cost to be at such. Clean up & improve the news letter. Need to bring in more Jr. members. We need to hear from our elected officers thru the news letter during the course of their office. Committies are a waste of time because they don't do the work they say they will do.

Respectfully submitted,  
Robbin Quinn- Secretary

ISSUE #3

J. C. (John) HOFFMAN

I.O.W.M.C. #R-1966

J.C. of Merced, California has been a coin collector since about the age of five, or near the end of W.W. 11 (1944). He began like so many collectors, filling Whitman Cent folders, sent to him by his godfather. He expanded to collect all series that were still in circulation in the 1940's but, like so many others, his interest eventually waned during high school and college.

It was at the end of 3 year army hitch, the last 30 months of which was a tour of duty in Germany, that John was "re-born." In Jan. 1964 he took an overseas discharge to work and travel on the Continent. The first purchase he made as a civilian was for a bunch of bananas at a market in Zurich, Switzerland. He walked out of the store with a small handful of Swiss change, looked at it all for a long moment, and thought to himself "what have I been missing in 2½ years?"

By the time he arrived home via troopship 8 months later he had obtained a huge box of coins from everywhere he had visited, plus the 2 months he worked at a factory in southern Germany. Over the intervening years he tried collecting the world by date, had the most complete collection from, France and Switzerland. Finally, in 1990, he chose to focus on France only, and is currently trying to obtain the last few pieces of his date and variety collection from 1897 on.

Along the way he married his wife of 29 years, Mary (that's right, its John and Mary!), and has 2 sons (28 and 22) a daughter (16), and one granddaughter 10 all born six years apart! One might say that took good planning, which is appropriate because John is a (city) planner, the last 22 years with the City of Merced. He has an undergraduate degree from the University of Wisconsin (history and English) and a master's degree in landscape architecture from University of Arizona.

The past few years John became aware of merchant tokens and other exonomia, and began his second great collecting endeavor, a collection of all tokens and related items from Merced County, California this includes older medal tokens, plastic, cardboard, fiber, and of course Woods.

Merced County is a predominantly rural county in central California (Merced is the largest city, with a population of about 62,000). However, Merced is expected to grow significantly in the foreseeable future, especially since a site in the City's greater urban area was just selected for the state's tenth campus in the University of California (UC) system. (Continued next page)

John's County exonumia collection to date is approaching 400 pieces (including varieties), of which 88 are some type of wood. He has also indentified approximately 25 more wood pieces from the area that are still missing from his collection, and he expects this number will expand some more over time before he finished. At least one wood, which he has no description of but does have collaborating references to, would be from a heretofore unreported token locale, containing (possibly) all or some of the following information: (Johnnie's Bar and/or Neighborhood Grocery) [El Nido Calif] (Randolph 2-0056) Now=that would be a great wood find!!

\*\*\* PRESIDENTS MESSAGE \*\*\*

I want to apologize to all the members of IOWMC, but there is little that I could do lately because of my health problems. Nov. and Dec. was the start with a diabetic leg not healing causing lots of pain with the adding of a bad cold, lost weight, and in and out of the hospital with many test. Due to medication surgery was called off. After six days they ended up sending me home and a visiting nurse still comes every day and a room full of equipment to put up with. In Feb. at 3AM had my wife Stasia call 911 and paramedics spent 15 minutes working on me before the trip to the hospital for heart tribulation and tremor. Home but use a walker some to go to table to have meals and will take months for my leg to heal and general health will never be the old me. Have much praise for the paramedics and ambulance crew.

The bad thing is Stasia doesn't drive and have to depend on friends help. Have a sister and daughter that come in to help, "God" Bless my wife Stasia.

I will attempt to continue to do all I can for the club with the help of our officers and committees.

Al Bonesio - President IOWMC.

#### MEMBERSHIP INCENTIVE WOOD PROGRAM

During the 1992 membership year, members were given award woods for signing up new members. The five piece set was obtained by the signing up of one member for each wood issued. Once you reached five new members you had the complete set. We are making this offer once again to the club membership for 1995, and it will run for as long as the woods are on hand to do so. There is no set time limit as there was in the past program, a change has been made to the format. Date's on these woods will be hand stamped on each and every one. For woods issued between August of 1995 to 1996, the color will be in red, and if any woods remain on hand for the 1997 to 1998 they will be in green ink. This means that if a member sponsors five new club members in any one year, they will receive a set in one ink color. If it takes you two year's to sign up five members, then your set will be made in two colors, and three years means you will have three ink colors in the set of five. The incentive here is to sign up five new members in a one year time frame to obtain a set in one ink color. The woods are in red ink and have the club logo on the obverse of each. Records will be kept by the club secretary for incentive woods issue's, being mailed out, and posting the incentive woods issued to members in the news letter. On behalf of the club officers, and that of the membership committee, here is wishing you all the best in your goal to add these limited wood sets to your collection.

Respectfully, Robbin A. Quinn  
Chairman - Membership Committee

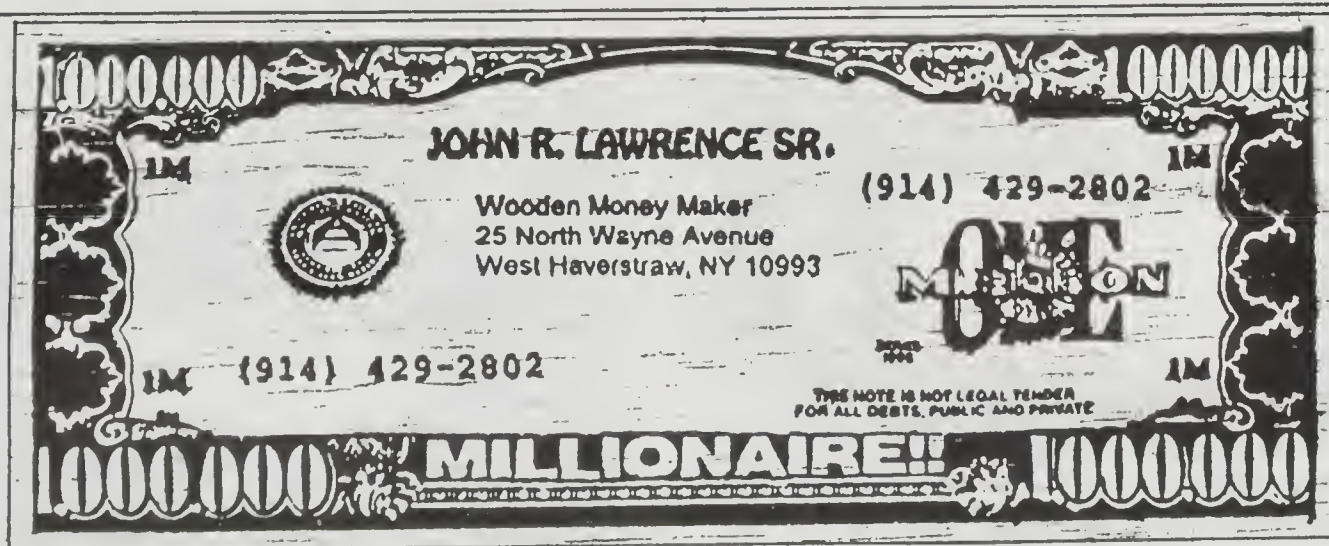

I have the dream of every Flat Wooden Money Collector. I have acquired nine (9) of the original plates (printers call them "Cuts") of the John B Rogers Co. that printed thousands of the flat wooden money. (use mirrow to read). Some of these plates were given to the Fostoria Historical Society for their museum for the Rogers Co. exhibit, and will not be available for public. The nine plates are for 1 Wooden Nickel (2), 2 Wooden Nickels (3), and 5 Wooden Nickels (5). The plates measure  $3\frac{1}{2}$  x  $2\frac{1}{8}$  x  $\frac{7}{8}$  inches. The reason for the number of plates of each demoniation in when they change color that they don't have to clean the plates. The inserts are somewhat evasive and I only found 2 from the Polk Co. NC 1955 Centennial. The so called local experts" valued these plates at \$100. each, I feel a little high. Will part with the 2 WN and 5 WN plates for \$70.00 each. Actual cost is unknown or by whom made them. Write Dale Reed, 743 Van Buren St., Fostoria, OH 44830

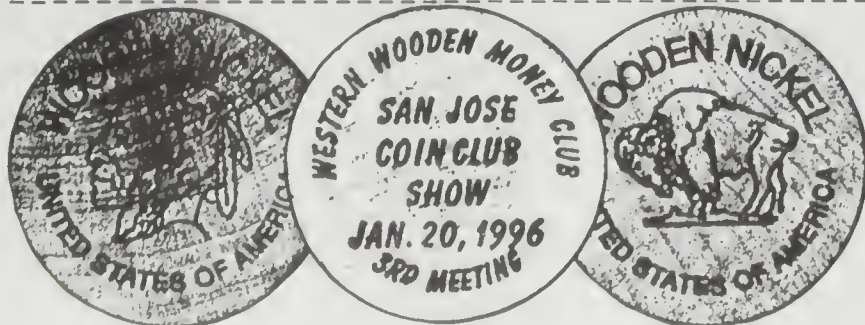

## COIN CLUB OF THE MONTH

This month we will focus on the South Hills Coin Club of Bethel Park, PA. Founded in 1960 by Len Carr and V.G. (Doc) Patton in Bethel Park, Having but a few members when it first started out, they met at the home of Doc Patton. After several meetings they opened the club to all collectors. The sight selected to hold the meetings was at the American Legion Post 760. The first formal meeting was held on Tuesday, February the 7th, 1961. Officers were elected and Joe Macik accepted the job as club secretary. They held there meetings at the Legion until July of 1962, then they moved to the Christ Methodist Church. In 1962 they moved again to the Bethel Presbyterian Church then changed their meeting to the 2nd Tuesday of each month. The club has been meeting there unchanged to this day. The club has grown over the years and now puts on one of the area's finest coin shows every February at the Sheraton South in Betel Park PA.

Like many coin clubs, South Hills has issued a variety of souvenir wooden nickels, tokens, medals, elongated cents, and encased coins. But unlike many sources of wooden nickel issues, this club has kept good records of the issue's it has made over the years. There first issue was in 1969 to mark their 100th meeting. This issue was of two woods, an Indian and buffalo nickel, both were in black ink. The 1970 issue was a single wood to mark the 10th anniversary of the club. This issue had the club logo printed on them. In 1972 they went back to a two wood issue of the Indian and buffalo. During the 1975 to 1977 issues, there were four woods printed during each year. The issue for 1978 was a single, 1979 saw two woods, 1980 they had three printed up, the issues of 1981 to 1983 were double, 1984 was a single. 1985 to 1988 were again back to two issues, the 1989 had three, and then the issues from 1990 to 1992 were two. Records show that for 93, 94, and 95 are single issues. Many of the past issues are still on hand for sale at a very fair prices. Many coin clubs that issue woods make for a nice collection, and this one ranks with them. For information on what issues are for sale and prices send your request to S.H.C.C., P O Box 161, Bethel Park, PA 15102

A major factor in the downfall of the whaling industry in New Bedford was the over hunting of sperm whales in an attempt to make greater profits and to meet the newly industrialized nation for lubricating oil and lighting oil. Whalers swarmed to the feeding grounds of the whales, killing all they could and taking their oil before moving on. Those whale carcasses that could not be tried out immediately were marked with a long identification pole, a "waif pole" so the ships could return later and claim their catch. It is estimated that over 295,714 whales were killed by American whalers between 1835 & 1872. There were no quota systems or laws to protect the females and young whales, and it was common practice to kill the young since female whales, being devoted parents, will stay around and try to rescue their dying youngsters rather than flee the whalers' deadly harpoon.

By 1850 the scarcity of whales was plainly evident, and many warned that New Bedford was committing economic suicide by overexpanding its whaling fleet. Voyages became longer and longer and more of the whaling grounds had to be covered to get a full load of oil. In 1835 a ship could leave port and expect to return in about eighteen months with a full load. In 1850 most successful voyages took three to four years.

Soon even larger voyages were not enough to compensate for the dwindling whale population. Because not as many whales were allowed to reach maturity, the average whale caught was getting smaller. The decline in the number of barrels of oil per voyage began in 1850 when the average take was 1693 barrels. By 1857, the year when the size of the New Bedford fleet reached its peak, the average take was down to 796 barrels per voyage.

The Jan. 14th, 1996 (blk. print) is available for 25¢ each plus a SASE. From: C. C. Gtr. New Bedford, P O BOX 2991, New Bedford, MA. 02741

1996 - Nescopeck, PA Centennial wood available for \$1.00 plus a SASE. From: Mrs. Julia P. Sterling Treasurer, Nescopeck Centennial Committee, P O Box 81, Nescopeck, PA 18635 (wood pictured on page # 22)

The item on page #23 was sent our president by a member, Glen Littrell, the writer now deceased issued many very nice woods. His son Garry whom was given the middle name of "Crane" as his father was active in saving Whooping Crane's from distinction, gave all of the remaining issues to various wood clubs, that they could use to raise extra funds. Glen and his wife attended a number of our clubs annual meetings, the last was at Baltimore, MD in 1985.

## IOWMC RAFFLE DRAWING

It is time again to be thinking about the Raffle Drawing for this year. Once again, I will take over this responsibility for our organization. As usual, this has always kept our yearly dues from being raised even with the higher cost of our organization expenses.

Your continued support and donations will be appreciated.

Mr. Jack Marsh, 110 Cherry Hill Circle. Apt #1102, London, Ontario, N6H-2L9, Canada, reported that for the United States Bicentennial, he produced two dies for making two large wood pieces consisting of the official Bi-centennial logo and the Minuteman designs. Upon entering the United States to get them approved, they were confiscated by Customs who tried to get him on a counterfeiting charge.

Three hardwood samples of the large woods were made, one of the Bi-cent logo was brought to the U.S. and one of each design remained in Canada.

Now 20 years later at 75 years of age, Mr. Marsh would like to dispose of these two unique pieces. He reported the one piece brought to the U.S. was given to a individual whose name I recognized but can't recall. If any-one is interested, I'd suggest dropping Mr. Marsh a note.

A Frenchman named Jean Lafitte migrated from Quebec to New Orleans to become America's most celebrated pirate in the early 1800's. From his headquarters on Barataria Bay in Mississippi Delta he preyed on mostly Spanish vessels in the Gulf of Mexico. Smuggling in those days was considered a very venial sin, if a sin at all. Merchants sold slaves for \$170.00 each and auctioned ill begotten treasures from the market place on Bourbon street.

When General Andrew Jackson arrived in New Orleans to fight the British in the war of 1812 he discovered he was short of manpower. He met both Jean and Pierre Lafitte and was impressed with their combat readiness. He immediately solicited their support. It was with the assistance of these freebooters and swashbucklers that Jackson soundly defeated the British. All of the pirates who served with Jackson on this mission were granted presidential pardons.

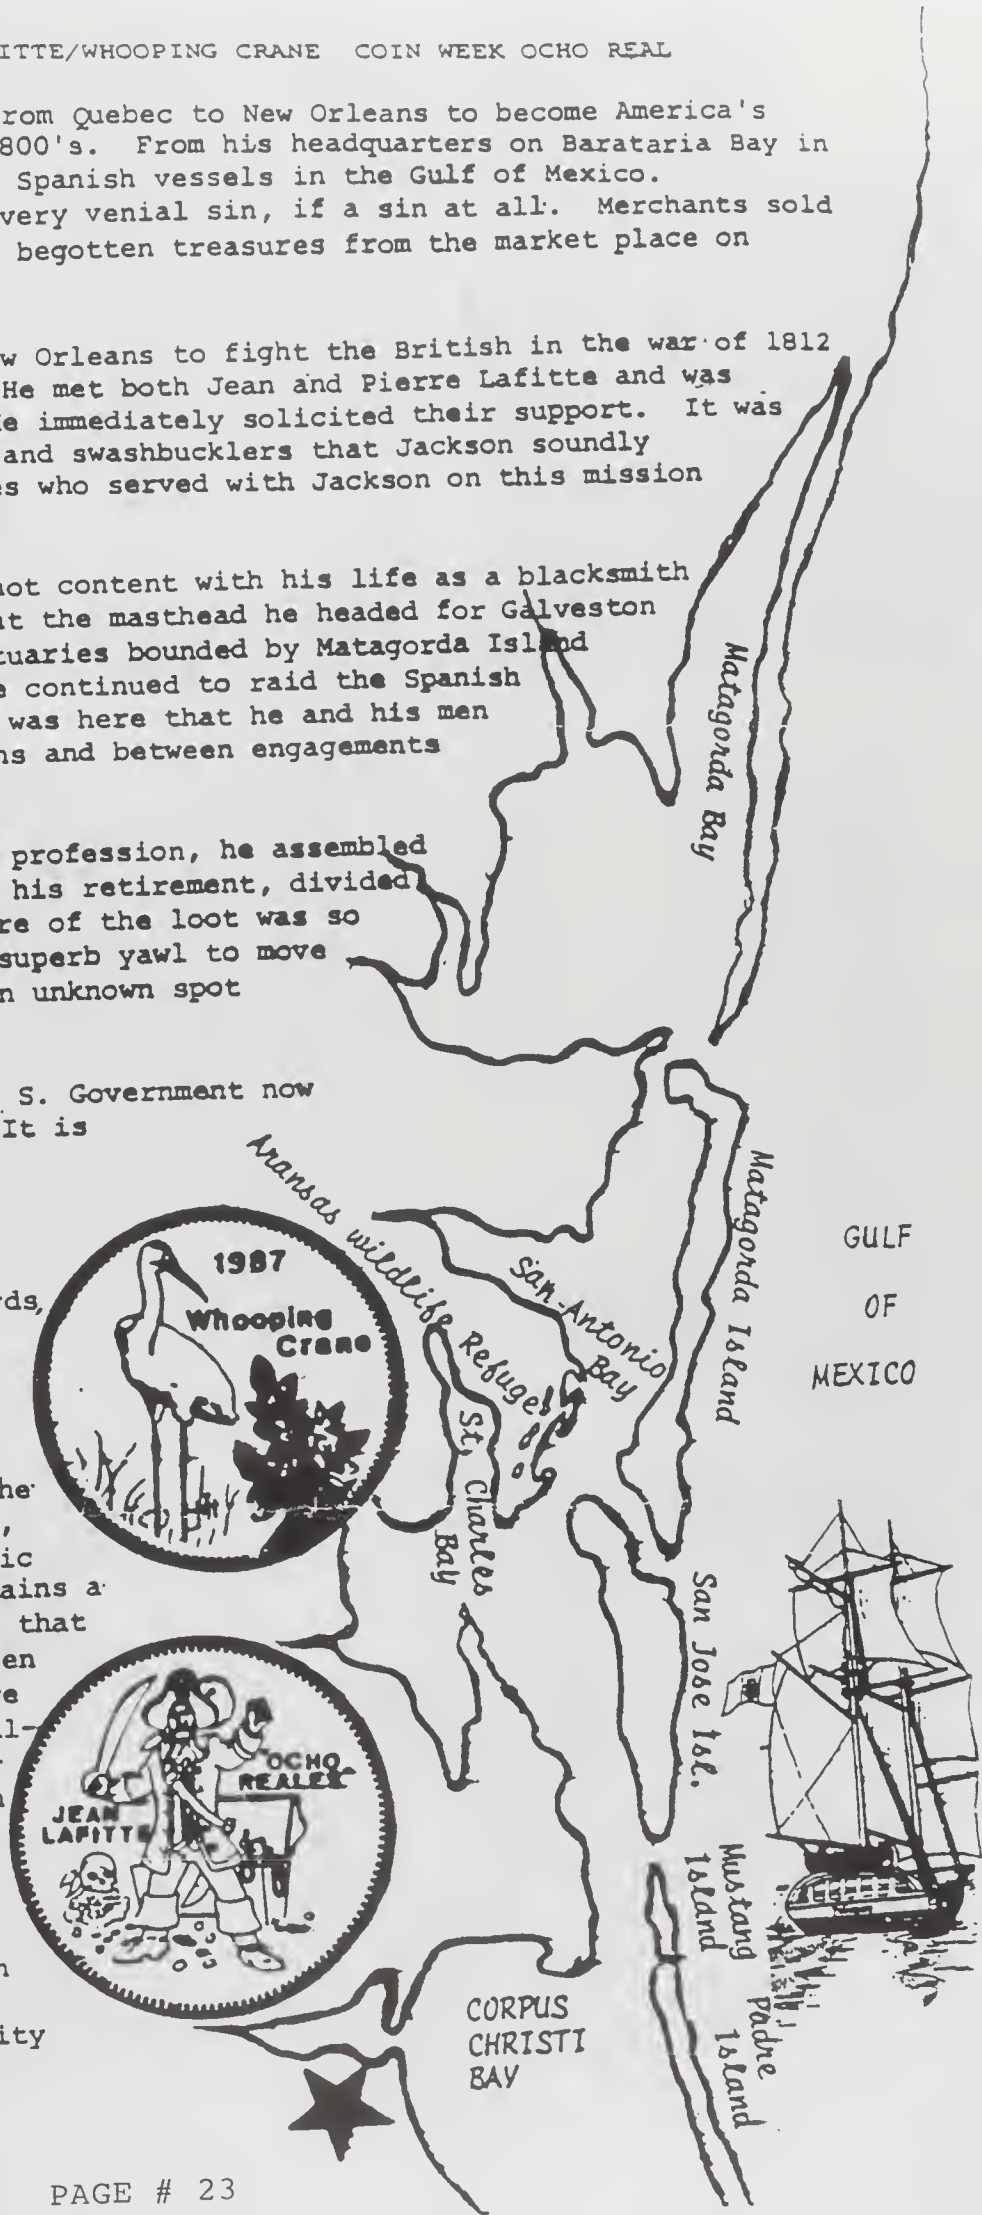

Even so, the "Robinhood of the Sea" was not content with his life as a blacksmith and with his "Jolly Rogers" flag flying at the masthead he headed for Galveston and the Texas Coastal Bend. From the estuaries bounded by Matagorda Island and Aransas and St. Charles Bays, Lafitte continued to raid the Spanish Galleons laden with precious metals. It was here that he and his men repaired their vessels, took on provisions and between engagements enjoyed rest and recreation.

In 1821 pirating became such a dangerous profession, he assembled his fleet off San Antonio Bay, announced his retirement, divided the spoils and disbanded. Lafitte's share of the loot was so great that it took several days for his superb yawl to move his ocho reales and rare artifacts to an unknown spot off St. Charles Bay.

It is in this exact location that the U. S. Government now maintains the ARANSAS WILDLIFE REFUGE. It is in this same refuge that the famous and endangered WHOOPING CRANES make their winter home. From the tower on the refuge, tourists appear to be searching the landscape for the world's tallest birds, when in fact, they may be using the powerful built-in telescopes to search the by-ways for some semblance of Lafitte's buried treasure.

The "Red Tide" that just washed into the Coastal Bend, killing millions of fish, was caused by some blood red microscopic organism, the origin of which still remains a mystery. There is no scientific data that this cyclical phenomenon could have been initiated by a bloodbath that must have occurred between the seven foot cannibalistic Karankawa Indians and the killer Lafittist pirates. History is written that both these Indians and Pirates disappeared at the same time, at the same place and for the same reason.

The 1987 Lafitte/Whooping Crane wooden "Ocho reales", are being distributed during coin week from the Sparkling City by the Sea by the author:

M. Wayne Dennis, Chairman

SUBJECT: I.O.W.M.C.'s BY-LAWS & CONSTITUTION AND POLICY & PROCEDURE

Dear Member:

Attached is an up-dated copy of the By-Laws and Constitution / Policy and Procedure for I.O.W.M.C.

The last time they were updated was in 1982. My committee and myself saw nothing wrong with them other than the amendments, passed over the years (from 1982 to present) were never incorporated in them. Changes were taken from the Annual Secretary Minutes and President's Message from Board Action items.

President, Al Bonesio has made a request that each member have a chance to vote on them and for any remarks you may have, even though the present Officers and Board of Governors voted on them. There were nine (9) who voted "YES" and one member not responding.

Thank you for your prompt reply. Please mail them to me, M. Wayne Dennis, Chairman,

Yours truly,

M. Wayne Dennis

Printed matter, issued originally with certain issues of wooden money, is acceptable and is considered to be numismatic information.
7. Only wooden money made of such various materials shall be used in the exhibit; and are spelled out in "A Guide Book of WoodeMoney".
8. All exhibit deadlines shall be met in writing or on forms provided for same.

BONNIE SCHARTZ  
I.O.W.M.C. #1999  
GREAT BEND, KANSAS

I was born in Russell, Kansas and attended Grade and High School in Great Bend, Kansas and the Brown Machie Business School in Salina, Kansas. I married a farmer and enjoyed farm life with the occupation as a housewife till a son took over the farm.

My husband Aubrey and I then moved to Utica, KS. and took over a Hotel and put a Cafe in it. One Christmas we issued wooden nickels for a free cup of coffee, since then I have been interested in woods and have accumulated several hundred. Have found it very pleasing to look back over them finding names, places and designs interesting and still trying complete a set of at least one from each state.

Other hobby interest is collecting owls and due to a son that is involved in Nascar Racing we also enjoy attending ones we can.

I consider myself far too old to have my picture in Bunyan's Chips, and perhaps others may feel the same way delaying sending in a portrait for publication.

(Editors note: Bonnie was among the many that sent copy of the item from their area news paper and one of their woods along with a very nice note about their Cafe.)

CLARENCE "NICK" NICKELS  
I.O.W.M.C. # 1991  
LEECHBURG, PENNSYLVANIA

Nick besides collecting woods, coins and interested in football ( he no doubt doesn't play football ) spends much of his time making things.

This retired sheet medal specialist graduated from Latrobe High School and majored in shop. Some of his projects in school was making of a cedar chest and a curio cupboard.

Now living in Leechburg, PA. with his wife Charlotta he has completed over the years two cupboards, a card table, many stands and railings doing all the welding himself. Being from Latrobe a steel making town, this falls right in line.

Another one of our very interesting club members.

Denver C. Howard - Portrait Chairman

A bulletin or a magazine is only as interesting as the stories in it. If a person subscribes to one and if it is not interesting, they soon stop taking it. Our Bunyan's Chips is no different. If there is nothing in it to keep your interest, you soon stop taking it and drop out of the club.

You may say, "I don't know anything to write about," or "I sent in my portrait when I joined," or "I don't know anything about wood to write about"—this is where you are wrong. You can look through your collection or the Guide Book, pick out a city and write the Chamber of Commerce. Tell them you are a wooden money collector and would like to write a story about their town; and if possible, a story of the celebration when the wooden money was issued. All it takes is a very short letter with a stamped addressed envelope (legal size). The cost will only be two stamps and a few minutes of your time. It will give you great satisfaction when someone asks, "What did you do for I.O.W.M.C.?" You can say, "Oh, I write a story now and then."

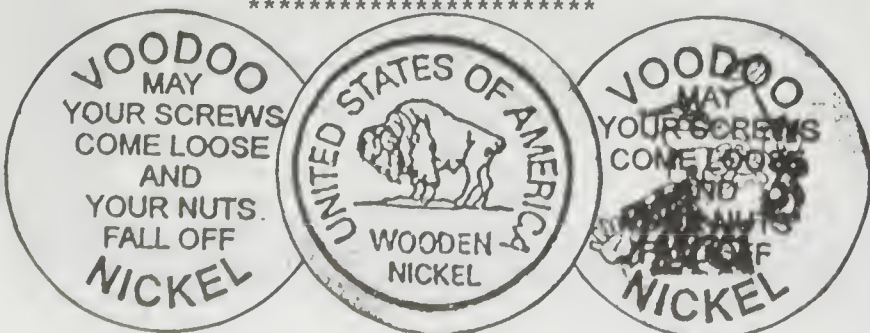

It's an easy thing to do and after the first time, it gets easier all the time; or write where and when, how and who gave you your first wooden money; and I am sure it would be interesting to the other members of the club.

This is what helps make the bulletin interesting and keeps people in the club. I write a lot of articles to fill the bulletin with stories, but the more you write the less I will. I imagine people get tired of seeing my name on all the stories. So let's spend a few minutes and participate — don't procrastinate. LETS GET THOSE STORIES AND ARTICLES IN.

Signed: Thomas B. Hudson  
12th President - I.O.W.M.C.

(The above article was in the November, 1976 issue of Bunyan's Chips. It applied then and it still applies today. Tom wrote many articles for our publication, and if he were alive today, he would have been doing the same.) WILL YOU SHARE WHAT YOU KNOW WITH US. HUMAN INTEREST STORIES ARE ALWAYS GOOD READING. -- how you got started in your wooden money hobby, who gave you the first piece you received, etc.

Once again, as Chairperson for I.O.W.M.C Benefit Drawing, we are calling upon the membership to support this well-worth project. As most of you know, the proceeds have helped to cover the cost of our organization, as well as, prevented any increase in our annual due.

I am making appeals for contributions and material a little early due to our schedule and other commitments. Your past cooperation and support has been appreciated; and I know that you can be counted upon once again.

When sending in your contributions, please designate if you want it as a door prize or if it should be an auction item. Some members state they have nothing to contribute, as a suggestion a one year free dues is always a welcome prize.

Tickets will be selling for only fifty cents (\$.50) each and we do hope that all will be purchased by you.

All inquiries and donations for the 1996 IOWMC FUND RAISING PROJECT should be sent to Virginia Dennis, Chairperson 18 52 Golden Shadow Drive, Henderson, NV 89015-8620.

The room rates will be \$32.95 for a single and \$38.95 for a double. For reservations, call (1-800) 466-8356 and mention the wooden money convention.

For anyone flying in and may need transportation, please contact Bill Snider, 1127 Oneida Ave. Louisville, KY 40214, giving your phone number and the best time to reach you. I will get back to you and make arrangements.

Again the Post Office has incurred The Wrath of the Wicked Wizard. The Wizard believes the sorting machines are breaking wooden nickels then the mail men. To retaliate he has issued a 2 piece set, available to collectors for 35¢ plus a SASE. Both sets are 60¢ plus a SASE. From: The Wicked Wizard, 3360 Chichester Ave., Apt. # A-13 Boothwyn, PA 19061

I hope all our members have a good start in 1996 collecting wood, but wish a lot more could have a woods issued. Many personal issues are issued for the holidays, numerous issues are for numismatic events and not all are known of y collectors. Most of all we need more "Official issues" and if our members would check with their Historical Society, Libraries, County, Town, or State leaders they may work with you on a issue. Not many understand benefits that a wood issue makes and reject funding for such. A number of our club members have gotten a letter giving them permission to make a issue, and help assist on a design for such. Some collectors have purchased a issue and retained enough to sell in order to get some of their cost back and given the balance to the Town etc. to distribute or raise funds to help in funding the event be sure to take some of your collection to show them if a personal contact made. Always be sure to include the place of issue (Town & State) and date issued.

As reported my health has been very poor and still listed as a bed patient legs showing some improvement but heart not doing so well. It depends on how I feel answers to the piles of mail get answered. Endeavoring to do my best for our club but tire fast.

Endeavoring to obtain new members for IOWMC, and if every member gets near as many as gotten in the past few months our membership count will go well up

Our 1st Vice President phoned to offer with our annual meeting at Denver, CO. Thanks to all the officers and committee's for work done for our club and a big Thank You to all that have called or sent cards and notes.

Your President - Al Bonesio

Twenty seven men have filled the office of Mayor in the century that has clapsed. Of these the public career of Charles Sumner Ashley, a man of delightful personality, was most remarkable. Between 1891 and 1936, though not continuously, he served thirty-two years as Mayor. In addition he had one year as Common Councilman, and two years each as Alterman and member of the School Committee, a total participation of thirty-sevsn years in the public life of the municipality, or considerably in excess of one third of the city's existence. He was also Postmaster for three years.

Mayer Ashley's administrations were characterized by important and beneficial accomplishments for the public welfare, In-cluding among other things close attention to street affairs, extensions of street lighting, enlargements of the water works system, and erection of a number of school houses and fire stations. Ashley Boulevard perpetuates his name.

The town of Phillipsburg was chartered by a special act of the New Jersey Legislature on March 8, 1861, just four days after President Abraham Lincoln was inaugurated President of the U.S.A. Four days later Fort Sumter was fired upon and the Civil War between the North and South had begun.

This township was organized in 1851 and at that time included Lopatcong. Phillipsburg, upon its incorporation, was separated from Lopatcong. Years later in 1903 an addition was made from Lopateong to Phillipsburg.

The present site of Phillipsburg, according to a map made in 1654, was an Indian settlement called Chintewink. This name is still a link in the Phillipsburg street system.

Origin of the town's name, according to one group, says it was named after Chief Phillip, an influential Indian resident, while another says it was after William Phillips, an early white settler. Regardless of the origin of the town's name Phillipsburg was one of five towns in the county (Sussex at that time) that had names in 1769. Others were Oxford, Changewater, Hacketstown and Bloomsburg.

In 1752, eleven families had populated the town. By 1755 forty dwellings, and by 1763 there were sixty-three dwellings.

In 1784, the portion of land that had originally been laid out as the site for Phillipsburg came into possession of Jacob Arndt. He had purchased it through a sale conducted by the High Sheriff of Sussex County. According to history this piece of land was seized by the sheriff to satisfy a debt of 72 pounds, 16 shillings and one penny. The land described, including the town of Phillipsburg, contained ninety-one and three fourths acres. Four years later, Arndt on January 5, 1793 sold the town of Phillipsburg for 106 pounds and 15 shillings to Jacob Reese and Phillip Sager. This plot of land was handed down from Sager generation to another until 1926 when it was sold to the National Bank and Trust Company.

Reminiscences of life in early Phillipsburg, according to early unpublished manuscripts, says every man was armed with a gun; and every woman with a spinning wheel. Their clothing was made from skins of animals and their food was corn, beans, animal flesh, and fish from the river.

There were no roads, as we know them, just Indian paths through the woods, which was their means of travel. Their foot wear was moccasins made by their own hands from animal skins.

Doctors were scarce in the early days. Thomas Bullman, a tavern keeper, practiced medicine and so did his son. Both were self-made doctors and offered their services to the sick when no better medical advice was to be had. The first doctor in Phillipsburg was Dr. John Cooper.

Phillipsburg first important growth period began with the building of connecting railroads. The New Jersey Central, the Pennsylvania Railroad and the Lehigh Valley. Westward through the Lehigh Valley was within easy reach of the anthracite coal mines and pig iron furnaces of Eastern Pennsylvania; and New York and Philadelphia, each only two hours away by rail. The town was well located for manufacturing enterprises. It offered convenience, good labor conditions, access to raw materials and means of transporting finished products to markets.

As the town grew it became necessary to have a governing body, so they elected their first Mayor Charles Sitgreaves. Then came a common council, justice of the peace, constable and collector, town clerk, superintendent of schools, etc.

Information was sort of vague from 1920-1930; but of course, new schools and businesses were in full swing. New roads had to be built. It's not clear at what point the county of Sussex was changed to Warren County; but the job was performed. New streets were being built and businesses being built on both sides. Main highways were being constructed and many bridges being built along the Delaware River, even toll bridges. This, of course, made the crossing of the Delaware easier. No one had to wait for a ferry anymore. New churches being built for just about every denomination. In 1960 the census listed Phillipsburg with a population as 18,502. There is 61 miles of improved streets, 42 miles of sewers, 5 railroads, 3 banks and an ample supply of pure potable water for pleasant living.

The Centennial Celebration started Friday, May 26, 1961 and ended Saturday, June 3, 1961. It was an eight day celebration which included everything from a Centennial Pageant down to the judging of the "best beard contest." It was never mentioned in the Phillipsburg, New Jersey Centennial (1861-1961) souvenir booklet as to when the wooden nickel were handed out or where they were sold or any other information about them.

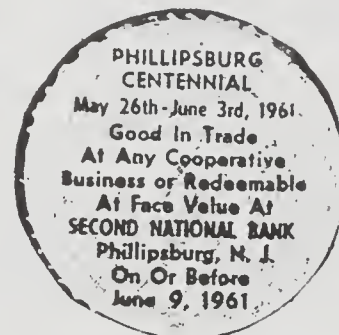

The wooden nickels come in four colors: black, red, blue and green. Obverse are all the same and the reverse are the same. The official seal (I call it for lack of a better word) is quite unique. If you have a well struck piece, you can see the details. Very nice -- from tepees along the Delaware to manufacturing giants on the other side.

Phillipsburg, New Jersey has grown and expanded into a significant industrial and manufacturing community serving the Northeast. CONGRADULATIONS.

### I. O. W. M. C. JUNIOR AWARD PROGRAM

Any Junior weather a member of any Numismatic or Wood club or not may be eligible for the FRANK DeGILIO JUNIOR AWARD. The award is made to a junior for promoting the wooden money hobby by displaying in public places, at various shows, events, or giving talks on the wood collecting hobby to various groups. The application with a short resume must be submitted by a member of I.O.W.M.C. to the present chairman Norm Boughton, P O BOX 93262, Rochester, NY 14692-8262.

The DeGilio Award was first established by the "New York State Wooden Money Society" and transferred to IOWMC when the club disbanded.

The selected entry will receive a cash award and wood printer John R. Lawrence will donate wood flats as shown for the junior to give or sell to other friends or collectors.

Many woods end up in boxes and given the name madericks (unknown issue) as the collector don't know the information in order to file the issue. Even brochures showing designs show pictures of woods that do not show information needed to identify issues if just picked up from a seller other than the one that had it produced for their use. To endeavor to locate where the issue may have come from is very time consuming checking Zip Code listings of towns or maps. Many can be indentified by other collectors if they happened to remember they have or have seen the issue. It is sad that few have pictured booklets of states the only ones known of is Washington State, Arizona, and believe that Canada has the most complete as the picture catalog was started when the wood clubs were first formed in Canada. It is to time consuming to run pages as this and wonder how many may know these. If you know send information using the number of issue and it will be put in chips. (04) is a set of 4, 1- has LESTER, 2-WILSON, 3-MARSHALL, 4-JR.. He was known as the Wood Wizard and lives in Sunbury, PA. Les issued a number of woods a few years ago.

## Getting Your 'Five-Cents' Worth

**R**OBBIN QUINN OF RAVENNA ISN'T AFRAID TO take a wooden nickel. He has more than 20,000 pieces in his collection, but Quinn says he doesn't worry about anyone stealing it—the coins' only real value is in the history and the collecting.

Since wooden money was first issued in 1931, some 40,000 varieties have been created throughout the United States. Each year, Ohio "mints" more than 200 different kinds, carving out a niche as the second largest producer nationally. The fake currency takes two forms: rectangular sheets of wood, or *flats*, ranging in size from smaller than an index card to as large as five by eight inches, and circular pieces of wood, *rounds*, which are about the size of a silver dollar.

John B. Rogers, who owned a theatrical company in Fostoria, is credited with bringing wooden money to Ohio in

1934. The company organized special events for local organizations and the "woods" to go with them. The wooden nickels had some value during the time of the event, say a free cup of coffee or a nickel off at the hardware store, but later most woods became keepsakes. Rogers's company operated until 1976, producing shows and wooden money across the U.S.

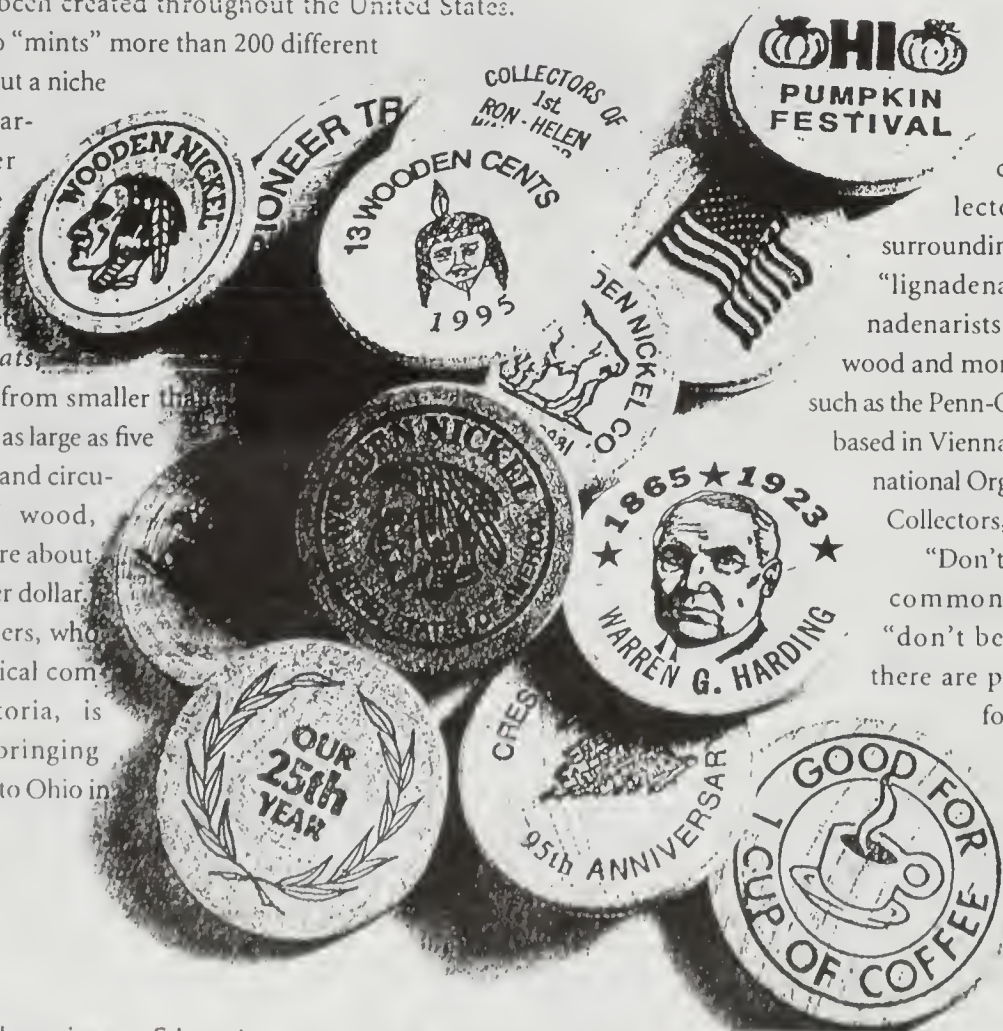

The tradition lives on through folks like Jim and Joyce Ferri of Warren, who commemorated their 25th wedding anniversary on a wood, and Wilber L. Bowers, an auc-

tioner in Creston, who used a coin to publicize the village's 95th anniversary and his 1994 fish fry and ox roast.

Quinn estimates that 75 percent of wooden-money collectors live in Ohio and surrounding states. They call the hobby "lignadenarics" and themselves "lignadenarists," from the Latin words for wood and money. They join organizations such as the Penn-Ohio Wooden Money Traders, based in Vienna, and the 400-member International Organization of Wooden Money Collectors, of which Quinn is secretary.

"Don't take any wooden nickels" is commonly understood to mean "don't be a sucker." But in Ohio, there are plenty of suckers out there, for collecting wooden nickels, that is.

—by AMIE CUMINGS

Our secretaries first venture into publicity as this item was published in "The Ohio Magazine." His efforts were far more extensive then used, so he hopes to try again to help others know of and about our hobby and club.

### LUCKY FLEA MARKET FIND

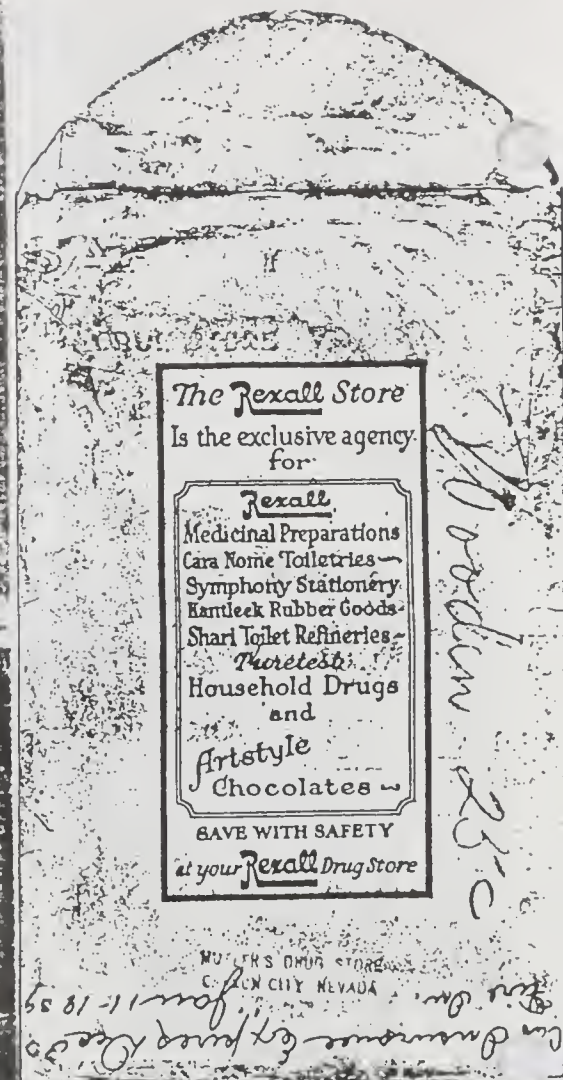

I.O.W.M.C. member Clarence A. Cox # 2082 is our Lucky Member of the Year.

Clarence went to a Flea Market to inquire about quarters for his coin collection and noted the pictured Tenino, Washington 25¢ wood in a very unusual envelope along with the story of the original Tenino Wood issues that were used in Tenino when the banks became insolvent on December 7, 1931. ( Note this date also was Pearl Harbor Day in 1941 ).

Being familiar with wooden money he could not pass this up priced at five dollars, considered its value at far more. When arriving home he located his 1966, 6th. edition catalog and was surprised to note how many many issues were made in 1931, 1932, and 1933. Due to the publicity that was made by the news media the U.S. treasurer ordered them to not continue issuing the scrip supplementing U.S. currency.

Realizing the estimated value would increase over the 30 years he requested information to obtain updated editions of catalogs on wooden money, specifying he had no interest of selling his find. Clarence will be pleased to find his five dollar investment now carries a estimated value of fourty five dollars in the 1994 8th edition Guide Book of Official Wooden Money.

Clarence is attempting to build up a collection of National Wildlife wood issues and will appreciate any help from collectors.

I regret to report my health has shown no improvement to report, other than the elsdord leg is doing well. Still confined and a nurse in every day and have to have someone to drive to doctors and hospital appointments.

Receive a lot of mail and phone calls from members requesting information and club business to be taken care of. A lot request how to get rounds and flat woods printed as well as where to obtain supplies including blank woods. Hopefully a listing can soon be published in Chips and if you know of suppliers please notify our editor. I purchase 5000 blanks at a time and send a few to members that request blanks.

Have turned over the Denver, Colorado A.N.A meeting over to the 1st V P Gordon Donnell, knowing health will not permit my attending. The meeting has been set and shown in this issue of Chips. It is with deep regret not being in attendance as president and I'm blessed with better health for 1997.

Have had some input about our newsletter and working on it. Our present editor has reported he will continue till the end of his 14 years in December.

Still looking for a editor for Bunyan's Chips and will gladly except any recommendations.

Albert Bonesio - President I.O.W.M.C.

WHOM is our oldest member?? Walter A. Loudon, Hospital STE-ANN, 305 RUE ST-PIERRE ST-ANNE DE, BELLEVUE, PQ, H9X 1Y9, CANADA Was 97 on Jan. 30th, 1996. Walt enjoys notes and cards but has to rely on a friend to return notes for him. Walt issued a number of woods but his last issue was a bronze Christmas token in 1994. He was the winner of the first raffel drawing in 1994 winning a original piece of Tenino wooden money.

-----

Our secretary Robbin Quinn put part of his wooden money display in a local library along with a copy of the Ohio Magazine item pictured in April Chips. The library requested the display remain for a longer period and a request that he set up a table in July for a Hobby Day for juniors 10 to 15 yrs. of age. He plans to hand out woods and set up a hand press that they can print a issue for themselves.

### CONGRADULATIONS

Sally Marx (2091) received the Richard P. Goodson Memorial Award at the recent Numismatic Assoc. of So. Calif. Convention. This is the highest award the organization gives to a member for their continued contribution to numismatics over the years.

Sally can always be counted upon to help in any situation. She is quite active with the juniors and is a well-known speaker for the various numismatic programs she performs.

Michael Turrini (LM38) received the Karl M. Brainard Memorial Literary Award for his article "Regarding Coin Club History" and a copper N.A.S.C. Convention Medal (only 24 minted) for his contribution to their "NASC-Quarterly." Michael also received the first Ron Miller Award by the Northern Calif. Numismatic Assoc. for his many deeds. He is a very active ambassador of numismatics in Northern California.

These are only two of our members who have received distinguished awards for their contribution to organizations they are members of. Come on members, we know there are many more, why not drop a line to the editor and let him know of any recognition awards you may have received. This is news worthy as it is always interesting to read about our members achievement.

### THE VANISHING DAMSELFLY

Our eighteenth wood of the Hawaiian Endangered Wildlife series feature the HI Red Damsel fly. Webster defines the damselfly ('dam-zal-fli) as any of numerous odonate insects, distinguished from the dragon flies by laterally projecting eyes and petiolate wings folded above the body when it rests. The Red Damsel fly is the largest of the Hawaiian Damsel fly. They are found in streams, pools and bogs where they breed. Once abundant on all islands, they declined drastically, especially on O'ahu, because of the introduction of foreign fish species. They can still be seen on the neighbor islands of Maui, Moloka'i, and Hawaii.

The 'ie'ie (*Freycinetia arborea*) plant is on the reverse of the token. 'Ie'ie grows in the Hawaiian rainforest. The 'ie'ie grows in the mountains at the 1000 to 4000 feet elevation on the windward side of the islands. It has an orange-red fruit flower that grows on top of the leaves which later turns into long shaped cones. Their leaves are similar in shape to the hala tree and were woven into basket carriers and fish traps by the early Hawaiians. The 'ie'ie belongs to the Pandanaceae or screw pine family of plants. There are many Hawaiian legends about the 'ie'ie. One is about Lau-ka-'ie'ie a beautiful maiden, who, as a baby, was presented to a childless couple by the Goddess Hina. She was a kind girl who loved the forest and spent much of her time there. As the legend goes, Lau-ka-'ie'ie ('Leaf of the 'ie'ie) became an 'ie'ie vine and remained close with her beloved forest friends.

Lloyd "Big One" Whitcomb an ex US Navy Man (1941-1945) loves to "Wooden Money" of clubs and different states. Lloyd lives with his wife Elinor in Arcata, California a sea coast town of about 12,000 located in Northern CA. approximately 80 miles from the OR. border.

This truck driver by occupation also collects US coins. The features of his coin collection are silver bars and silver rounds

Although being a member of the Eureka Coin Club he has other interest; baseball and football. I assume he watches games and doesn't play these games.

**1996 - IOWMC BENEFIT DRAWING**

**HAVE YOU SENT IN YOUR RAFFLE TICKETS STUBS AND MONEY YET?**

A large variety of woods have been donated; plus other items. At this writing, there will be at least seventeen (17) one year free dues as a prize. You don't want to miss out in winning one of these prizes; plus one of the other door prizes. They are well worth more than the two dollars you will pay for the tickets mailed you last month.

Abe Booke sent a hand made desk clock but designated it to be an auction item. John Wilson sent in a 25¢ 1933 Longview, WA (Old Ironside); other donors of material were Al Zaika, Bill Morphet, Walter Hoffman, Ted Wolverton, Floyd Thomas, Leslie Salley, Richard Wiltberger; besides the various members who sent money for the one year free dues. Others send extra money to apply to postage or where needed. Walter and Mayme Scott donated the tickets and envelopes used in this Benefit Drawing.

We are indebted to the members who are furnishing the door prize material and I know we can count on you members, who have yet to mail in those ticket stubs.

All inquiries and tickets stubs and money should be sent to Virginia Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015-8620.

# Nickel and dime collection

## Wooden money strikes fancy of Ravenna man

By Cece Simon

Record-Courier About People writer

If you were at Reed Memorial Library during the month of April you might have noticed there was a case displaying wooden nickels. The display was presented by wooden nickel collector, Robin Quinn of Ravenna.

Quinn with a collection of more than 20,000 pieces of wooden coins, tried to collect stamps and even coins, but neither one could keep his interest.

One day in 1984 he was driving through Hope, Ind., when stopped at a traffic light, a fireman carrying a boot came by asking for donations. Quinn threw some money into the boot and the fireman handed him a wooden nickel as a token of thanks. He threw the wooden nickel into the back seat of his car and didn't think much about it. But Quinn noticed there were many different types of wooden nickels and became interested in collecting them.

There are more than 9000 official types of woods (wooden nickels) in the United States and a great number of semi-official woods. Official issues of wooden nickels are issues that were designed and produced for a special event in a town or community and sold to publicize an event. Semi-official issues of wooden money are very similar to official issues. The difference is that a semi-official wood is issued by an individual or business to honor an event rather than issued by a chamber of commerce or a special committee.

Ohio is the second largest state with about 900 official woods; Pennsylvania is the first largest state with about 2000 official woods.

There are many different types of wooden nickels. There are

nickels used for advertisement, discount, award, personal issues or even free drinks. The currency comes in two forms. Rectangular sheets of wood "flats" which range in size from smaller than an index card to as large as 5x8 inches; and the circular pieces of wood "rounds," which are about the size of a silver dollar.

Wooden money began in Tenino, Wash. during the Great Depression of 1931 when the Citizens Bank of Tenino closed its doors. The Tenino Chamber of Commerce agreed to issue scrip to permit depositors to assign 25 percent of their bank accounts to the chamber of commerce.

Then Don Majors, secretary and trustee, heard about sliced wood. The sliced wood was invented by Pekersly of Aberdeen, Wash. The most common woods sliced were sitka, spruce, port orford and red cedar. Majors, ordered several thousand pieces of sliced wood in 25 cent, 50 cent, and \$1 values, to use in Tenino.

The John B. Roger Theatrical Co. in Fostoria is credited with bringing the nickels to Ohio in 1934. The company organized special events for local organizations to use the woods. The woods had value during the time of the event. The nickels could be used to get a free cup of coffee or a discount at a particular store that was participating in the event. Later, most of the woods became keepsakes to remember the particular event. John B. Rogers Theatrical Co. operated until 1976 producing shows and woods.

The hobby of collecting woods is called "lignadenarists," from the Latin words for wood and money. Collectors join organizations such as Pennsylvania-Ohio Wooden Money Traders (POWMT) and International

Taking a break to help show just a part of Robin Quinn's wooden nickel collection is Margie Smith of Reed Memorial Library.

Organization of Wooden Money Collectors (IOWMC). The POWMT is based in Vienna, and the IOWMC has approximately 350 members of which Quinn has been the secretary for five years.

Quinn, has a wide variety of wooden nickels in his collection. He has nickels from Hershey, Pa., Colorado Springs, Colo., to name a couple of cities, and

throughout Ohio. Quinn said, "The value of the nickels are in the history and collecting. Although there are some woods that could be worth quite a bit of money."

If you have wooden nickels and would like to know more about them write to: Robin Quinn C-O IOWMC, 5295 Beechwood Road, Ravenna, Ohio, 44266.

Officers of IOWMC and the editor of Bunyan's Chips are volunteers. It is very expensive and time consuming for them to have to forward mail that is sent to the wrong person. Please let the secretary know of any address changes as soon as possible to prevent your mail being returned as bulk is requiring the editor to pay return postage and remailing.

**PRESIDENT:** Ideas for improvement of club, complaints and to volunteer for club projects.

**SECRETARY:** Dues payments, address changes, official correspondence and all new membership applications.

**EDITOR:** Items for publication such as new issues, and want ads. Articles you may have written or items that may be published in your area publications. News print reproduce good.

\*\*\* PRESIDENTS MESSAGE \*\*\*

Due to my very poor health and no longer physically able to do very little I have notified all the Board of Governors, much to my regret that I tender my resignation as President as of August 10, 1996.

All the projects I was committed to have been fulfilled and I sincerely thank all my committee members for their work and a job well done to the By-Laws on the up dating of the By-Laws and Policy & Procedures. Up dating was a needed item for years and now every member has a copy and a chance to say yes or no and make any comments.

A few complaints have been received on some junctions of our club that I will continue to work on and hopefully complete.

Hopefully our members understand my health has gone down hill since Sept. 1995 and from doctor reports I will not get any better. It is best for our club I resign and the By-Laws will govern what takes place.

The job as IOWMC's President has been a great job and all the contacts with many of our members has been great and appreciated.

During my term I have honored the following members for services. Clarence Cox, Norm Boughton, Mrs. Morn Boughton, Robbin Quinn, Florence Rebello, Louis Berkie, Lou Vesh, Denver Howard, Ted Wolverton, Walter Scott Charles Manners, Wayne Dennis, John Lawrence, Frank Kozma, Oyama Kazuma, and Mark Wildasin (Our oldest remaining Charter Member # 6.

I realize when honoring ones it is very easy to overlook someone that has also done outstanding items not thought of. To name a few are ones that sent in material, ads, portraits, donations or assisted our club in unknown ways.

Al Bonesio, 32nd. President

### Don't Take Any Wooden Nickels!

The expression "Don't take any wooden nickels" is familiar to everyone. Few collectors realize that wooden nickels were actually used as legal tender and a group of these items make a most interesting numismatic collection.

Most wooden nickels are issued in very limited quantities, and are usually held by the purchaser or never redeemed. This makes most of them very difficult and hard to obtain.

These attractive numismatic items portray events, personalities landmarks, etc., and are issued in commemoration of centennial celebrations or historical events of local or national significance.

Most of them are inscribed with a designated period of time during which they can be redeemed at face value and in one or two instances, as in an emergency measure, they have actually been used as legal tender for a limited time.

You will want a few of these colorful items in your collection and we enclose a sample specimen from stock at a nominal price and know you will be pleased.

An itemized list of other wooden pieces which we have in stock will be mailed free upon request.

## LEAGUE CITY, TEXAS

DUANE E. WARNER I O W M C # 2081

I was born during the Great Depression in Kewanee, Illinois. My formal education was completed after leaving Franklin Junior High school at not quite 15 years of age. These were the war years and man power was very limited, so I joined the Merchant Marine. At 18 I joined the U. S. Navy and spent 16½ years on destroyers duty of my 20 years Naval Service.

After retiring from the USN, I was offered a job as a service supervisor for one of the largest industrial machinery manufacturing companies in the country. This job took me to many foreign countries and most of the states. After 17 yrs. of navy life, my wife to say the least was not too happy with my new job. If she can put up with me until this coming New Years Eve, we will celebrate our 45<sup>th</sup> wedding anniversary.

After 12 years with this company, I decided to try it on my own and in the late 70's started my own business. In 1989 I retired completely. Departing on May 26, 1990 along with friends and their RV, we pulled our 32' 5<sup>th</sup> wheel RV up the ALCAN highway to the wondrous state of Alaska. The sights and beauty of this state is unending. We traveled from Seward to the Artic Circle with many side trips without seeing the same scenery twice. It is truly a sight everyone should behold. After nearly 17000 miles we arrived home 4 months to the day, Sept. 26, 1990.

I've been collecting coins for 18 or so yrs. and in 1994 I joined the I.O.W.M.C.. My first wooden nickle I bought was at a Houston Coin Show for \$.25. From all the literature I've recieved there seems to be no end to the types of "wood" one might collect. For this reason I've decided to consenstrate only on " Indian Head" & " Buffalo" Wooden Nickles.

## MEMBERSHIP INCENTIVE WOOD PROGRAM

During the 1992 membership year, members were given award woods for signing up new members. The five piece set was obtained by the signing up of one member for each wood issued. Once you reached five new members you had the complete set. We are making this offer once again to the club membership for 1995, and it will run for as long as the woods are on hand to do so. There is no set time limit as there was in the past program, a change has been made to the format. Date's on these woods will be hand stamped on each and every one. For woods issued between August of 1995 to 1996, the color will be in red, and if any woods remain on hand for the 1997 to 1998 they will be in green ink. This means that if a member sponsors five new club members in any one year, they will receive a set in one ink color. If it takes you two year's to sign up five members, then your set will be made in two colors, and three years means you will have three ink colors in the set of five. The incentive here is to sign up five new members in a one year time frame to obtain a set in one ink color. The woods are in red ink and have the club logo on the obverse of each. Records will be kept by the club secretary for incentive woods issue's, being mailed out, and posting the incentive woods issued to members in the news letter. On behalf of the club officers, and that of the membership committee, here is wishing you all the best in your goal to add these limited wood sets to your collection.

Respectfully, Robbin A. Quinn  
 Chairman - Membership Committee

PENNY-VAN (48,773)  
RIPLEY'S  
BELIEVE-IT-OR-NOT

IN MEMORIAM - GEORGE D. KING

AUGUST 28, 1995

FOREST CITY, North Carolina

This portrait is being written with a heavy heart. A form for portraits was published in Chips May 1995 issue. George submitted the form despite one had been in chips some years ago and several of his ventures and woods issued depicting his Penny Van. Noted in T/L he had passed away and placed a call to his wife Ruby whom was very pleased of our concern and helped relieve my shock.

George had a very productive life and the most glory he ever gotten was when confined to a wheel chair from a injury completely covered a van with Lincoln pennies. Dressed as Lincoln he entered it in many parades, business activities, store, shopping centers, banks and schools that delighted children. After many years finding it hard to continue his hobby, got a offer from the Ripley Museum whom wanted it to show at their museums. They made a movie of George and the van for a promotion and the van has been featured in Spain, Austria, U.S. Belgium, Canada, Great Britain, Mexico, Japan, and Korea. "How much more can one leave for the whole world".

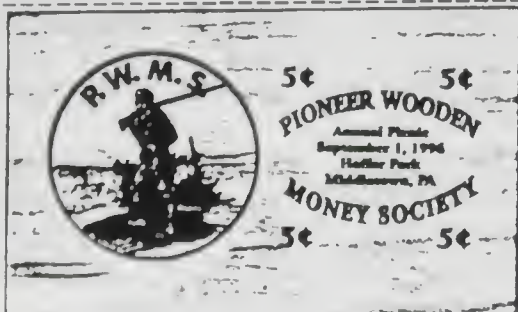

George served in the Navy 1945-1948 and last occupation was as a Pro Bowler and enjoyed football, collecting woods with automobiles depicted on them. Enjoyed writting books, prose, poetry and children books. One verse he wrote he sent to Liberace the pianist, Liberace brother George set it to music and sent a recording to King.

The Officers and Members of IOWMC send our sincere Sympathy to our truly missed members wife Ruby and family.

**EDITOR NOTE** - In my 14 years a endeavor has been made to not let any questionable item to be in Chips as the editor has the right to not print rather to change and notify ones of why done so. The Board report questioning the amount of guest at the Fostoria Gathering that was very nice and enjoyed by all in attendance and the event turned a profit over to the club and no loss, which could have been made and is covered by the by-laws. The committee of Nor Boughton and Robbin Quinn did a great job and should have received praise not questioned. I personally have chaired many projects and fully realize their being somewhat up-set.

## Cushing receives Ambassador award

A Numismatic Ambassador Award was given to Seattle hobbyist Del Cushing Aug. 15 at a meeting of the Token and Medal Society held during the American Numismatic Association convention in Denver.

Presenting the award was Clifford Mishler, president of Krause Publications and a very avid token collector.

Mishler noted that Cushing is a former treasurer, auctioneer and president of the Northwest Token and Medal Society.

Cushing was further lauded for his role as president of the Pacific Northwest Numis-

matic Association, the Seattle Coin Club, the University Coin Club and the Boeing Coin Club.

No stranger to shows, Cushing has been bourse chairman for PNNA events and shows of the University Coin Club and he was assistant bourse chairman for the ANA summer convention in 1990 in Seattle.

Ambassadors are characterized by their hard work and commitment to the hobby, Mishler said.

Mary Cushing, Del's wife, witnessed the induction into the ranks of Ambassadors.

Del Cushing, center, accepted a Numismatic Ambassador Award from Clifford Mishler, right, on Aug. 15. Del's wife Mary is pictured at left.

I hope I have not overlooked anyone. If I have, please accept my apology, as it certainly is just an oversight.

On behalf of myself, the IOWMC Officers and Board Members, **THANK YOU ALL** for your continuous support to our great organization. **KEEP UP THE GOOD WORK.**

**CHANGE OF ADDRESS**

**HAVE YOU MOVED LATELY?** It has been observed from correspondence received and on a few members' checks and/or return address label, differ from the membership roster. It is very important that you notify the Secretary and Editor of any address change; by not doing so, just prolongs the time of you receiving your Bunyan's Chips. Also it helps out the editor and it will save money, in postage, for IOWMC.

**GUILD BOOK ON WOODEN MONEY**

Several members have inquired about the Guild Book on Wooden Money = We have tried to write to all but just in case we may have slipped up = The 8th Edition has been published and is available by writing to M. Wayne Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015-8620. Cost: \$18.00 prepaid.

\*\*\*\*\*

**"THOSE RARE WOODEN NICKELS"**

I was mailed a few copies of the above book; this is an introduction to "Wooden Money" by Fred Gates. It was published in 1994 and asking price was \$2.00. Several copies were sold at the annual meeting in Denver, CO but I still have a few that did not sale. Anyone who is interested, please send \$1.00 plus postage to Virginia Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015-8620. All proceeds go into our treasury.

**NOT SOLD OUT YET**

In the May issue of Bunyan's Chips all members were notified we had some flat woods, (2½ X 4) donated by Sally Marx, issued in 1974 by the North Hollywood Coin Club (Calif.). We still have a few pieces left to sell at 25¢ each plus SASE envelope. All proceeds go into our treasury.

**HAVE YOU VOTED YET?????**

Response has been very poor in mailing your vote on the updated IOWMC By-Laws and Constitution/ and the Policy and Procedures. **PLEASE TAKE A FEW MINUTES TODAY AND MAIL THEM TO CHAIRMAN. THANK YOU.**

# SPECIAL COMMEMORATIVE NICKEL ISSUE

The King of Wooden Nickels, Louis Berkie, is retiring from the business at the young age of 85. Owner and operator of the oldest operating wooden nickel manufacturing company in the United States (ELBEE Co.) from 1951 to 1995, Mr. Berkie has produced hundreds of millions of wooden nickels for customers around the world!

Communicate It Ink, Company, the newest and most innovative wooden nickel company today, has issued **500** unique nickels commemorating the work and dedication that Mr. Berkie has put into the business of making and collecting wooden nickels. This commemorative issue is a special collectible, as it also represents the **first ever** publicly-offered multi-color imprint per-side, which is exclusively offered by the Communicate It Ink, Company.

Mr. Berkie has requested that this special commemorative issue of wooden nickels be distributed to wooden money collectors, and that the rest be given to "collectors" as they place future orders for wooden nickels.

In cooperation with the Penn-Ohio Wooden Money Traders and other collector organizations, Communicate It Ink, Company is attempting to equally distribute this limited issue nickel.

This exclusive issue is unique and there are no overruns or "floor sweepings" of this commemorative collectible. Counterfeiting of this issue will be close to impossible, due to the built-in safeguards and special processes and inks used in this imprint.

If you are a collector who has not received one of these exclusive collectible issues, or you know a collector who would like to receive one, please contact Communicate It Ink, Company to place an order for holiday wooden nickels...**TODAY!**

Specializing in Wooden Nickels

If you are frustrated with poor customer service when you buy wooden nickels for your club or for special events like holidays and anniversaries... If you wonder why the imprints on your nickels look like someone stepped on and smudged them... or if you would like to get a better product for even less money... then it's time you did business with a company that will guarantee you a better product, for less money, delivered faster and with better service... or your money back!!!

As the previous manager of the Original Wooden Nickel Company (up to February 96), I have talked to many of you, and produced thousands of orders for collectors across the country. I recently started my own company using state-of-the-art press equipment, which allows me to offer you services and features that **no other nickel manufacturer can offer!!**

Our presses can print halftone images, multiple colors per-side, print on a larger area of the nickel, and print so fast that we guarantee production in 7 calendar days! We can print clearer, sharper images. We offer free design services to make your nickel order interesting and unique, instead of boring bold letters with no pizzazz. We confirm all orders in writing, by fax, or by phone... so you are never wondering the status of your order.

If you remember back to last year, you will recall that customer service was paramount when I ran that other nickel company... and at Communicate It Ink, Company... it still is.

Examine the nickels that we have distributed to your organization, and note the difference in quality from those you have been receiving. Look over our Christmas Holiday Selection offer, and place an order with us. We guarantee you will be satisfied with the quality, the cost, the speed of production, and our customer service!

Honestly, *David Neisen*

# And Now For The FACTS...

Many of you know me from when I was the General Manager of The Original Wooden Nickel Company between July 1995 and February of 1996. I attempted to bring you good customer service and help build a stronger relationship between the wooden money collector, and us, the wooden nickel maker. Unfortunately my short stay ended that endeavor.

Since February, I have started my own wooden nickel printing operation, and I am now soliciting your business and attempting to reconnect those relationships of trust and customer service that we briefly had before.

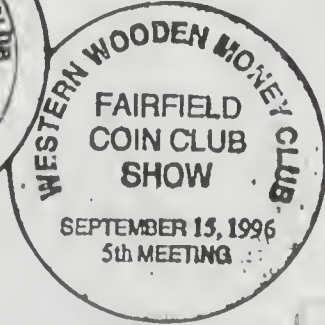

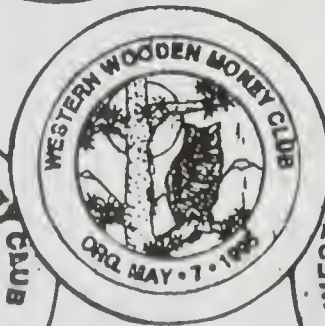

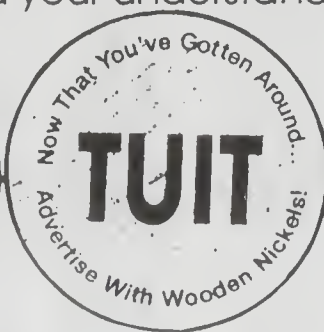

Meanwhile, if actions mean more to you than talk... then check out the quality of our product, compare our lower prices to your current supplier, and note our seven day or less production schedule. We don't leave the collector guessing what the status of his order is. We don't talk deals and leave you hanging. We are interested in supporting you, supporting the wooden nickel business.

Finally... I am looking for a patron who placed an order for Christmas Nickels with The Original Wooden Nickel Company last year while I was the General Manager. It was a simple order and he gave us plenty of time to fill it. Unfortunately we sent the order to the wrong address. When he called to query his order, we made it again and mailed it out again... to the wrong address! Finally, we found the error and I promised this patron a third order with some extras. We Express-Mailed the order the next day. I also promised this patron that we would make his Christmas Nickels for free in 1996. No longer associated with that company who I doubt would honor that pledge, I would like to fulfill that agreement and make him those free Christmas nickels, but I do not recall his name. If you are or know the person in this story, please contact me so I can fulfill my commitment to him or his family.

Thank you for patronage and your understanding in this matter.

David Neisen

**JAMES L. BETTON**

**I.O.W.M.C. # 1032**

**SANTA MONICA, CALIFORNIA**

Jim was born raised and still resides in Santa Monica, CA. but reports the area is not the same lovable area with all the changes over the years.

Jim has been known in the numismatic hobby since 1948, attending and participating in the American Numismatic Association Conventions. He served as ANA club, district and regional representative and on such committees as Resolutions, Exhibit Judging. Gifts and Bequests, Exhibit Rules, Membership and Young Numismatist.

He became well known nationally and internationally through his speaking, writing, serious collecting and travel pursuits. He holds life membership in Canadian Numismatic Association and served as a board of director. He is a life member and served as director of Canadian Paper Money Society; past director of Token and Medal Society; charter member of Exonumist Society; founding director of Numismatic Literary Guild; founding member and first editor of Organization of International Numismatists; founding member and past president of Convention of International Numismatists; active member of FUN, NI, SAN, IBNS, etc.

Jim is also a past editor and past president of the Numismatic Association of Southern California; a founder, past president and recipient of the Medal of Merit from the Society for International Numismatists; past director for over a decade and recipient of the Medal of Merit from the CA. State Numismatic Assoc.

Becoming a member of the over the hill gang Jim now endeavors to attend the events that are within a reasonable distance, yet keeps himself open to help in anyway he can

In 1974 Jim met Tom Hudson founder of IOWMC at a numismatic event joined our club. Being so active in the numismatic circles, he collects mostly only California woods.

Jim feels that only through presentations at various events and schools to present programs on hobbies of collecting to the youths can help our hobbies survive into the future.

# TO I.O.W.M.C. MEMBERS; A CALL FOR NOMINATIONS

The election of officers will be held in 1997. The direction of our club depends on members who are willing to volunteer some of their time to continue the efforts of others. Do you know someone who is a member that you think would be a good officer? How about yourself? If you have someone in mind for a position, speak or write to them first before sending in their name to the nominating committee. They will be contacted and agree to serve in writing before they can be placed on the ballot. Each member should be looking for the officers who can provide the leadership to keep our club a first rate organization for wooden money collectors.

Nominations should be made before January 1, 1997 to help the committee to fully fulfill their obligation as the nominating committee. Please Send your nominations to: Del Cushing, P O BOX 88984, Seattle. WA. 98138-2984 or call (206) 244-1596.

## DUES

Just recently I received a letter from a member wanting to know about our DUES—they wondered why it isn't noted in our super publication how much dues are; when due and also inquired about Life Membership in IOWMC. They couldn't understand why this information wasn't noted periodically in Bunyan's Chips. I answered this letter; but for general information to other members who may have forgotten:

DUES are only \$5.00 a year (January thru December).

LIFE MEMBERSHIP in IOWMC is only \$100.00.

ALL DUES' must be sent to Secretary Robbin Quinn,  
5295 Beechwood Road, Ravenna, Ohio 44226-9119.

Secretary would appreciate you mailing in your 1997 Dues NOW. Why not give yourself an early Christmas gift and mail those dues in Today.

A few months ago there was a page of madericks woods in Bunyan's Chips. One that was not identified was the Erie piece.

From the intricacy of the design and the quantity I had (10-12) I felt this had to be a official piece. Erie, PA was out as the dates did not correspond with the Erie, PA flats.

I checked the Zip Code directory of the US Postal Service. In the back of this publication they list every post office with a zip code in alphabetical order. There I found Erie, CO; Erie, IL; Erie, KS; Erie, MI; Erie, ND as well as Erie, PA.

A letter with a copy of the wood went out addressed to the Historian of each place along with a self-addressed, stamped envelope (SASE). (I found out later that New York state is the only state requiring a Historian position in various governmental units.) Thanks to a diligent Postal service employee my letter was delivered to the Library of Erie, Illinois and now we have more official wood - one that has been unknown to most of us for 24 years.

Collectors may obtain an Erie, IL wood by sending \$3.50 (\$2.50 for the wood and \$1.00 postage and handling) to Norm Boughton, P O Box 93262, Rochester, NY 14692. Quantity available is very limited.

## ERIE PUBLIC LIBRARY DISTRICT

Erie, Illinois 61250

Dear Mr. Boughton,

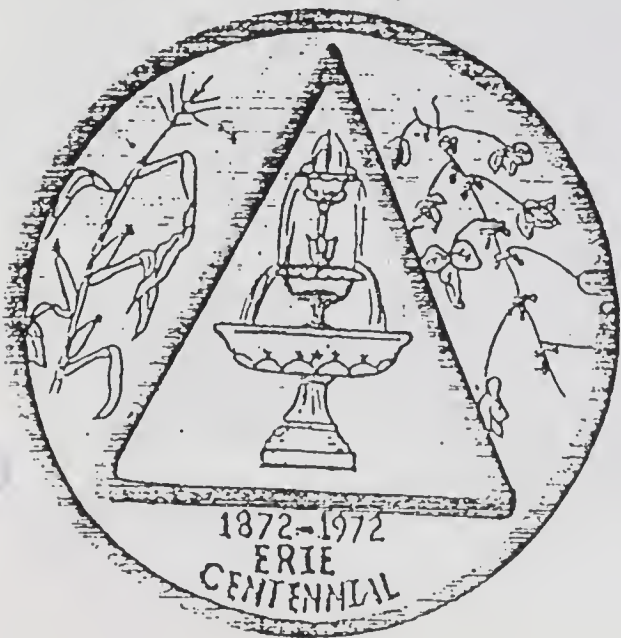

August 3, 1996

Since Erie has no historian, your letter was delivered to the Library. The wooden nickel is OURS! In browsing microfilmed newspapers from our village, I found pictures of the original art work for the wooden nickels. There wasn't any formal explanation, but I personally remember the time, and can tell you that the triangle depicted on the picture represents our town "un-square", which is indeed a triangle. The triangle was founded from exhisting Indian Trails that came together here. The fountain shown was placed in Margaret Park, named for a prominent local woman whose husband was a businessman here for many years, by the Erie Woman's Club in the very early 1900's. As a point of interest, the top section of the fountain was missing for many years after the fountain was dismantled, and only in the past four years was it relocated and re-installed in a newly redone Margaret Park town triangle. Hope this information is of help to you and your prospective collectors.

Sincerely,

*Laurel M. Reiss*

## IN MEMORIAM

MARK R. WILDASIN

I.O.W.M.C. # C - 6  
1/10/1910 - 9/23/1996

The Officers and Members of IOWMC  
extend our sincere Sympathy to our  
truely missed members family.

Mark was one of the most dedicated members I've known. I'd safely say he has been instrumental in the issuing of the most Official woods mainly from PA. and AZ. Along with the issues he mostly wrote up some history on the issue and many have been published in the clubs newsletter over the years.

My first meeting Mark and his wife Grace whom never seen unless she was busy at needle work making animals dolls, etc. was at PWMS wood show at Shiremanstown PA. in 1974 where my wife and I joined our 1st. wood club. From then on we met many times at PWMS meetings and special events.

At one time they moved to AZ to enjoy the dryer climate for a few years, but their love was in PA. and returned. Mark was a rather quite man and developed a bad back and wasn't able to travel very well. In falling backwards he hitting his head and passed away the next day but continued to correspond and helping out collectors. Many of us will cherish their Christmas wood issues.

I was sorry to find Mark never wrote up a Portrait for Chips, but knowing him as a very quite man, never pushing but loved to always help ones he met and corresponded with to build their collection from the binders he always had with him.

Mark will be missed in our hobby.

## CHRISTMASES I CAN REMEMBER - BY: KAZUMA OYAMA

I wish I could put the following remembrances on a wood issue:

(A) It was Christmas eve 1928. Our father had died in July leaving mother with seven of us children and pregnant. Our youngest brother was born just a couple weeks ago. We were fortunate in that the sugar plantation for which our father worked let us remain in the company owned house. The plantation also provided mother with \$25. a month. That plus money she earned doing laundry was enough to feed us. She sewed all of our clothes. We also grew some of the vegetables and we had a flock of chickens.

We were all huddled up in the "living" room when there was a knock on the door. We opened the door and there stood Mr. Smithe who was our father's boss. He had a big bag filled with apples, oranges and candies which he placed inside the door way and wished us a MERRY CHRISTMAS! Our sadness turned into instant happiness.

(B) It was Christmas 1944, in a hospital in Naples, Italy. I was still recovering from a shoulder wound that got infected. However, I was well enough to be moved from the main building to one of a long tent in the back confines of the walled premises. I guess there must have been a dozen of us in our tent. About mid-morning the nurse in charge of our tent told us all to get out for some fresh air and that she'd call us all when it was time to come in out of the chilly air. At noon she called us and to our pleasant surprise she had set up a table loaded with punch, cantaloupe and nuts and she wished us a MERRY CHRISTMAS! She must have received most of the ingredients from her folks back in America. This was at the 17th General Hospital on a hill in Naples, Italy. Thanks to that nurse and others like her who took good care of us wounded and even went beyond the call.

GOD BLESS THEM ALL!

### TO I.O.W.M.C. MEMBERS; A CALL FOR NOMINATIONS

The election of officers will be held in 1997. The direction of our club depends on members who are willing to volunteer some of their time to continue the efforts of others. Do you know someone who is a member that you think would be a good officer? How about yourself? If you have someone in mind for a position, speak or write to them first before sending in their name to the nominating committee. They will be contacted and agree to serve in writing before they can be placed on the ballot. Each member should be looking for the officers who can provide the leadership to keep our club a first rate organization for wooden money collectors. The Office for President, 1st. and 2nd. Vice President, Secretary, Treasurer, and one Board of Governor are open for nominations.

Nominations should be made before January 1, 1997 to help the committee to fully fulfill their obligation as the nominating committee. Please Send your nominations to: Del Cushing, P O BOX 88984, Seattle. WA. 98138-2984 or call (206) 244-1596.

ALAN HUSTAK  
The Gazette

Walter Loudon with his World War I service medals and the Canadian Forces decoration: "As long as I keep talking, I'm pretty good."

DAVE SIDAWAY GAZETTE

**T**he cheerful print above Walter Loudon's bed in the Ste. Anne's Veterans hospital is of a pink flamingo on a golf green beneath a flag stick on the 18th hole.

Loudon is 97 and since he moved into the hospital six years ago he has but one complaint: "The big thing I miss is not being able to play golf!"

Two decades ago, when he was in his 70s, he was still able to shoot his age on the course — a two-handicap 74 game; the average golfer shoots about 100.

Like his golf game, there is nothing average about Walter Loudon. He is one of the few Canadian soldiers who fought in the Great War and who is still alive and still alert. Between 1914 and 1918 more than 625,000 Canadians served in World War I.

Today, fewer than 2,000 are still alive, according to the Department of Veteran Affairs.

Loudon moved into the facility in Sainte Anne de Bellevue from a home in Mascouche off the northeastern tip of Montreal Island six years ago. His life has been reduced to a few souvenirs tacked to the walls: a print of J.H. Macdonald's Falls, Montreal River, three decorative birds, a dozen or so snapshots, a postcard from Istanbul.

Still, he's an optimist, one veteran who believes life is too short to be hardened by combat of any kind.

"I couldn't ask for anything better. People here treat you good," he shrugged. "There's the odd one you don't like, but you have to accept that. You

have to put up with that no matter where you live."

There are about 650 people in the hospital. Loudon shares his room on the 12th floor with two other patients. "One has no memory at all. Chap on the other end comes from Winnipeg. He yells his head off whenever they touch him. Me, I'm 100 per cent. As long as I keep talking, I'm pretty good."

Queen Victoria was on the throne and William McKinley was the president of the United States when Loudon was born in Worcester, Mass., on Jan. 30, 1899. His father, he said, "was a McGill graduate who wound up as a railway conductor; My mother was from Maine."

Loudon was raised in Calgary and went to war at 16.

"I tried to join up in 1914, but I was a year too young. Then I tried to get in as a stable hand, breaking horses, but I couldn't get in. I managed to sneak in in May of 1915," he said.

He joined the 10th Canadian Infantry Battalion and in November 1916 saw tanks used for the first time on a battlefield in the Battle of the Somme.

"One battle was pretty rough," he recalled. "I remember one guy in the trench beside me, Tyner was his name. Tyner said he didn't have anything to smoke. I had a pipe, so I let him have it. He took a puff and at that very moment a shell hit the trench and blew Tyner to pieces, pipe and all."

"After he had gone, somebody recalled he had two or three hundred dollars on him. Cash. They buried him with it!"

Five months later, Loudon was with the troops

at the southernmost end of the Canadian front during the battle for Vimy Ridge.

"What I remember was next to us, on the left, were the 48th Highlanders. We went over our hill, done what we were supposed to do. The main hill got quite badly cut up. We didn't do too bad."

After the war, he returned to Alberta, but discovered that work was scarce. He got a job with Northern Electric, working across the country before installing Quebec's first dial telephones. He

ended up in Montreal with Bell Canada and worked for the company for 43 years. "I could have a free phone if I wanted one," he boasted, "but every one on the floor would want to use it. So I don't carry it."

When World War II broke out in 1939, Loudon again attempted to join the army. "I was stupid. I tried to get back in the infantry but they turned me down because I was too old. So I joined the veterans' company. I was with the reserves from 1940 to 1959, until they threw me out."

He was married, but his wife has been dead for 36 years. "I'm the last of the family, the end of the line," he said. "I hear there's a place full of Loudons in the Eastern Townships. Might be relatives of mine, but I never went down to find out."

As a youngster, before he took up golf, he was a baseball enthusiast who played shortstop and centerfield.

"Right after the first war, I had a chance to play ball in Seattle, but I came east instead," he recalled.

"I go downstairs sometimes at night and watch

*"I'm the last  
of the family,  
the end  
of the line."*

#### CONTINUED FROM PAGE D5

the baseball games on TV. I used to go to see all the World Series games when Babe Ruth played for the Yankees. The Yankees used to be my favorites. It's about time they won the pennant."

He is not a man given to regret. Asked whether, given the experience of hindsight, he might have done anything differently, he admitted he might think twice about enlisting in the the army at 15.

"I had a friend in Calgary, he was same age as I was. I went to school with him. He was smart. He didn't join up. Calgary was just a small town then. He bought quite a piece of property on the Bow River. It was a beautiful piece of property, close by the mountains. By

the time he died, it was worth a fortune. If I hadn't joined up, I should have probably done the same thing."

Although Loudon gets around in a wheelchair, there is nothing sedentary about his attitude. He wakes each morning around 6, dresses himself, then wheels himself a short distance down the corridor to the smoking room. "I look and see what it's like outside. I can see way down the road. I can watch all the traffic tieups on St. Pierre Blvd."

Breakfast, he said, is the only meal he enjoys. "On Fridays, they let you buy a beer if you want, but I'm not too particular about drinking any more."

When friends come for a visit, he has the use of a formal sitting room with Canadian pine furniture where he can

entertain. "I get a lot of people come to see me. I get visitors, but a lot of people who come to see me, all they want to talk about is their troubles," he said.

In the summer, he takes advantage of the spacious hospital grounds, which include a golf course. "I go down for exercise all the time, and I spend time outside. I watch the people play golf."

This week is Veterans' Week at the institution, but Loudon isn't impressed by the organized attempts to honor him and his colleagues.

"All they have is preachers come in telling us how good everything was," he said. "Then the politicians arrive and tell us how good it was."

"I sit there for four or five minutes listening to them young guys tell us how good it was, then I walk out."

'AUKU"U, HAWAIIAN WILDLIFE

No.19

By - C. Matsuda

Hawaii is the capital in regards to endangered wildlife species. Tragically, more and more of Hawaii's native birds are becoming extinct. But there are birds like the 'Auku'u or Black Crowned Night Heron (Nycticorax nycticorax) Still found in all the main islands of Hawaii. Many of these herons can be seen in the Kanaha Pond on Maui. The 'Auku'u are part of the family of Ardeidae, that have long neck, long wings and long legs. Their habitats are the marshes, swamps and rivers of the islands. They have reddish eyes, black crown and black, pale gray chest with yellow legs. A nocturnal bird, they feed on aquatic insects, fish, frogs and mice. Many can be seen at rest on marsh lands during the day. The Black Crowned Night Heron is the obverse of the No. 19 Honolulu Coin Club wooden token. The reverse features the Hala tree or pandanus tree. They can be found along the seacoast of the Hawaiian Islands, and have multiple roots, supported by ever increasing branches and leaves. It has a hardnut shell fruit that turns from green to orange when it matures. The mature hala was used as material for housing, fishing implements, medicine and food by the Polynesians. Religion and folklore are based on the hala by the early Hawaiian.

Wooden Nickel Collector Opens Dealership

Norm Boughton, a thirty year collector of wooden money; an honorary life member of International Organization of Wooden Money Collectors and cataloguer of New York State Wooden Money, has opened a mail order dealership to serve both buyers and sellers of wooden money-The only money that ever grew on trees.

Knowing that wooden money is the Rodney Dangerfield of Exnourmia, Norm will be trying to bring respect to the hobby by maintaining a market place for collector's to sell their holdings as well as a for sale list of round and flat wood. He will also be maintaining an inventory of supplies for housing wooden money.

Interested buyers or sellers can receive Norm's buy or sell list by sending a large SASE to Norm Boughton's Wooden Money, P O BOX 93262, Rochester, NY 14692.

Canadian Tire Store #337

Fredericton North finally moved into the twenty-first century with the opening of Canadian Tire newest facility, on October 23, 1996 at 274 Main Street, Fredericton, New Brunswick. Owner Ted Mangnal, who managed the Canadian Tire Store in Tilbury, Ontario, before coming to Fredericton, New Brunswick.

Canadian Tire decided to expand the Fredericton North store last year in order to better serve the public. A full service store, expanded from 6,000 to 24,000 square feet and stocking approximately 39,000 items. The aisles are wider, better lighting, so that shopping at the new facility is a positive experience. The aisles are identified with street names of the north side, if you need further help, a store layout is available.

The new facility even has a mascot named Lucky. Her association with Canadian Tire began in January 1995, when she accidentally boarded a trailer carrying items back to the central warehouse in Ontario.

Nine days later, having survived frigid temperatures, and starvation, she leaped out of the trailer. The employees took care of her, a collection was taken up and she returned to New Brunswick. Meanwhile Theresa Burge of the Fredericton North store tried to locate its owner, no luck, so Lucky became the mascot of the store.

On Tuesday, October 22, 1996, customers and friends were invited to the Grand Opening of the new store at 274 Main Street, Fredericton, New Brunswick. Refreshments were served from 6:30 pm to 9:00 pm. An opportunity to meet Ted Mangnal and staff, and tour the store.

Upon arriving at the store, each guest signed the register and received a wooden nickel to commemorate the official opening, the first time a wooden nickel was used at the opening of a Canadian Tire Store. Displays were set up of Canadian Tire Coupons and memorabilia, which proved interesting to the guests.

The official ribbon cutting ceremony was held at 8:00 am, on Wednesday, October 23, 1996
